JAM-B/VE-JAM Antibody (150005) [DyLight 650]

| Product Information |                                                                                             |
|---------------------|---------------------------------------------------------------------------------------------|
| Unit Size           | 0.1 ml                                                                                      |
| Concentration       | Please see the vial label for concentration. If unlisted please contact technical services. |
| Storage             | Store at 4C in the dark.                                                                    |
| Clonality           | Monoclonal                                                                                  |
| Clone               | 150005                                                                                      |
| Preservative        | 0.05% Sodium Azide                                                                          |
| Isotype             | IgG2a                                                                                       |
| Conjugate           | DyLight 650                                                                                 |
| Purity              | Protein A or G purified from hybridoma culture supernatant                                  |
| Buffer              | 50mM Sodium Borate                                                                          |

| Product Description     |                                                                                                                                                           |
|-------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------|
| Host                    | Rat                                                                                                                                                       |
| Gene ID                 | 58494                                                                                                                                                     |
| Gene Symbol             | JAM2                                                                                                                                                      |
| Species                 | Mouse                                                                                                                                                     |
| Specificity/Sensitivity | Detects mouse JAM□B/VE-JAM in direct ELISAs and Western blots. In direct ELISAs, no cross-reactivity with recombinant human JAM-1, -2, or -3 is observed. |
| Immunogen               | Mouse myeloma cell line NS0-derived recombinant mouse JAM□B/VE-JAM Phe29-Asn236 (predicted)<br>Accession # Q9JI59                                         |
| Notes                   | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                         |

| Product Application Details |                                                                        |
|-----------------------------|------------------------------------------------------------------------|
| Applications                | Neutralization                                                         |
| Recommended Dilutions       | Neutralization                                                         |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined. |
