**G-105-CH**

IgM Antibody [HRP]

**Product Information**

|                      |                                                                                             |
|----------------------|---------------------------------------------------------------------------------------------|
| <b>Unit Size</b>     | 0.1 ml                                                                                      |
| <b>Concentration</b> | Please see the vial label for concentration. If unlisted please contact technical services. |
| <b>Storage</b>       | Store at 4C in the dark.                                                                    |
| <b>Clonality</b>     | Polyclonal                                                                                  |
| <b>Preservative</b>  | No Preservative                                                                             |
| <b>Isotype</b>       | IgG                                                                                         |
| <b>Conjugate</b>     | HRP                                                                                         |
| <b>Purity</b>        | Antigen Affinity-purified                                                                   |
| <b>Buffer</b>        | PBS                                                                                         |

**Product Description**

|                                |                                                                                                                                                                           |
|--------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Host</b>                    | Goat                                                                                                                                                                      |
| <b>Gene ID</b>                 | 3507                                                                                                                                                                      |
| <b>Gene Symbol</b>             | IGHM                                                                                                                                                                      |
| <b>Species</b>                 | Human                                                                                                                                                                     |
| <b>Specificity/Sensitivity</b> | This antibody reacts with heavy chains on human IgM, but not with any other immunoglobulins by IEP. No reactivity is observed to non-immunoglobulin human serum proteins. |
| <b>Immunogen</b>               | Human IgM                                                                                                                                                                 |

**Product Application Details**

|                              |                                                                        |
|------------------------------|------------------------------------------------------------------------|
| <b>Applications</b>          | Secondary                                                              |
| <b>Recommended Dilutions</b> | Secondary                                                              |
| <b>Application Notes</b>     | Optimal dilution of this antibody should be experimentally determined. |
