|----------------------|------------------------------------------------------------------------------------------------------------------|
| <b>Unit Size</b>     | 0.05 mg                                                                                                          |
| <b>Concentration</b> | Concentrations vary lot to lot. See vial label for concentration. If unlisted please contact technical services. |
| <b>Storage</b>       | Aliquot and store at -20C or -80C. Avoid freeze-thaw cycles.                                                     |
| <b>Clonality</b>     | Polyclonal                                                                                                       |
| <b>Preservative</b>  | No Preservative                                                                                                  |
| <b>Isotype</b>       | IgG                                                                                                              |
| <b>Purity</b>        | Protein A purified                                                                                               |
| <b>Buffer</b>        | PBS (pH 7.4)                                                                                                     |

**Product Description**

|                                |                                                                                                                                                                                                                         |
|--------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Description</b>             | Novus Biologicals Mouse Galectin 13 Antibody - Azide and BSA Free (H00029124-B01P) is a polyclonal antibody validated for use in WB. All Novus Biologicals antibodies are covered by our 100% guarantee.                |
| <b>Host</b>                    | Mouse                                                                                                                                                                                                                   |
| <b>Gene ID</b>                 | 29124                                                                                                                                                                                                                   |
| <b>Gene Symbol</b>             | LGALS13                                                                                                                                                                                                                 |
| <b>Species</b>                 | Human                                                                                                                                                                                                                   |
| <b>Specificity/Sensitivity</b> | LGALS13 - lectin, galactoside-binding, soluble, 13 (galectin 13),                                                                                                                                                       |
| <b>Immunogen</b>               | LGALS13 (AAH66304.1, 1 a.a. - 139 a.a.) full-length human protein.<br>MSSLPVPYKLPVSLSVGSCVVIKGTPIHSFINDPQLQVDFYTDMDSDIAFRFR<br>VHFGNHVVMNRREFGIWMLEETTDYVPFEDGKQFELCIYVHYNEYEIKVNGIRI<br>YGFVHRIPPSFVKMVQVSRDISLTSVCVCN |
| <b>Notes</b>                   | This product is produced by and distributed for Abnova, a company based in Taiwan.                                                                                                                                      |

**Product Application Details**

|                              |                                                                                                                                                                                   |
|------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Applications</b>          | Western Blot                                                                                                                                                                      |
| <b>Recommended Dilutions</b> | Western Blot 1:500                                                                                                                                                                |
| <b>Application Notes</b>     | Antibody reactive against Recombinant Protein with GST tag on ELISA and Western Blot and also on transfected lysate in western blot. GST tag alone is used as a negative control. |

**Images**

Western Blot: Galectin 13 Antibody [H00029124-B01P] - Analysis of LGALS13 expression in transfected 293T cell line by LGALS13 polyclonal antibody. Lane1:LGALS13 transfected lysate(15.29 KDa). Lane2:Non-transfected lysate.
