Ferritin Antibody (962610) [Alexa Fluor® 700]

| Storage Store at 4C in the dark. Clonality Monoclonal Clone 962610 Preservative 0.05% Sodium Azide Isotype IgG2a Conjugate Alexa Fluor 700 Purity Protein A or G purified Buffer 50mM Sodium Borate Product Description Host Mouse Gene ID 2495 Gene Symbol FTH1 Species Human, Mouse, Rat Immunogen The immunogen is raised against Ferritin Notes Alexa Fluor (R) products are provided under an intellectual property licens Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and components for product only in research conducted by the buyer (whether the buye academic or for-profit entity). The sale of this product is expressly condition the buyer not using the product or its components, or any materials made the product or its components, in any activity to generate revenue, which include, but is not limited to use of the product or yate in research. For infront on manufacturing; (ii) to provide a service, information, or data in return for payment; (iiii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For infront on purchasing a license to this product for purposes other than as describ above, contact Life Technologies Corporation, 5791 Van Allen Way, Carls CA 92008 USA or outlicensing@lifetech.com. This conjugate is made on demand. Actual recovery may vary from the stated volume of this product | , , , , , , , , , , , , , , , , , , , | | |
|--|---------------------------------------|---|--|
| Concentration Please see the vial label for concentration. If unlisted please contact techn services. Storage Store at 4C in the dark. Clonality Monoclonal Clone 962610 Preservative 1gG2a Conjugate Alexa Fluor 700 Purity Protein A or G purified Buffer 50mM Sodium Borate Product Description Host Mouse Gene ID 2495 Gene Symbol FTH1 Species Human, Mouse, Rat Immunogen The immunogen is raised against Ferritin Notes Alexa Fluor (R) products are provided under an intellectual property licens Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and compo of the product only in research conducted by the buyer (whether the buyer academic or for-profit entity). The sale of this product is expressly condition the buyer not using the product or its components: (i) in manufacturing; (ii) to provide a service, information, or data in return for payment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For infortion on purchasing a license to this product for puroposes; or (iv) for resale, regardless of whether they are resold for use in research. For infortion on purchasing a license to this product for puroposes; or (iv) for resale, regardless of whether they are resold for use in research. For infortion on purchasing a license to this product for puroposes; or (iv) for resale, regardless of or whether they are resold for use in research. For infortion on purchasing a license to this product for puroposes; or (iv) for resale, regardless of or outlicensing@lifetech.com. This conjugate is made on demand. Actual recovery may vary from the stated volume of this product | Product Information | | |
| Storage Store at 4C in the dark. Clonality Monoclonal Clone 962610 Preservative 0.05% Sodium Azide Isotype IgG2a Conjugate Alexa Fluor 700 Purity Protein A or G purified Buffer 50mM Sodium Borate Product Description Host Mouse Gene ID 2495 Gene Symbol FTH1 Species Human, Mouse, Rat Immunogen The immunogen is raised against Ferritin Notes Alexa Fluor (R) products are provided under an intellectual property licens Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and compo of the product only in research conducted by the buyer (whether the buyer academic or for-profit entity). The sale of this product is expressly condition the buyer not using the product or its components, or any materials made the product or its components, in any activity to generate revenue, which include, but is not limited to use of the product or yearnessed, regardless of whether they are resold for use in research. For infor any materials regardless of whether they are resold for use in research. For infor any particular in the product or its components; (i) in manufacturing; (ii) to provide a service, information, or data in return for payment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For infor above, contact Life Technologies Corporation, 5791 Van Allen Way, Carls CA 92008 USA or outlicensing@lifetech.com. This conjugate is made on demand. Actual recovery may vary from the stated volume of this product | Unit Size | 100 ul | |
| Clone 962610 Preservative 0.05% Sodium Azide Isotype IgG2a Conjugate Alexa Fluor 700 Purity Protein A or G purified Buffer 50mM Sodium Borate Product Description Host Mouse Gene ID 2495 Gene Symbol FTH1 Species Human, Mouse, Rat Immunogen The immunogen is raised against Ferritin Notes Alexa Fluor (R) products are provided under an intellectual property licens Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchase dynact conveys to the product only in research conducted by the buyer (whether the buye academic or for-profit entity). The sale of this product is expressly condition the buyer not using the product or its components, or any materials made the product or its components, or any materials made the product or its components, or or hand include, but is not limited to use of the product or use or payment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For inforce on purchasing a license to this product for purposes other than as describ above, contact Life Technologies Corporation, 5791 Van Allen Way, Carls CA 92008 USA or outlicensing @lifetech.com. This conjugate is made on demand. Actual recovery may vary from the stated volume of this product | Concentration | Please see the vial label for concentration. If unlisted please contact technical services. | |
| Clone 962610 Preservative 0.05% Sodium Azide Isotype IgG2a Conjugate Alexa Fluor 700 Purity Protein A or G purified Buffer 50mM Sodium Borate Product Description Host Mouse Gene ID 2495 Gene Symbol FTH1 Species Human, Mouse, Rat Immunogen The immunogen is raised against Ferritin Notes Alexa Fluor (R) products are provided under an intellectual property licens Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and compo of the product only in research conducted by the buyer (whether the buyer academic or for-profit entity). The sale of this product is expressly condition the buyer not using the product or its components, or any materials made the product or its components, in any activity to generate revenue, which include, but is not limited to use of the product or its components (i) in manufacturing; (ii) to provide a service, information, or data in return for payment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For infor on purchasing a license to this product for purposes other than as describ above, contact Life Technologies Corporation, 5791 Van Allen Way, Carls CA 92008 USA or outlicensing @lifetech.com. This conjugate is made on demand. Actual recovery may vary from the stated volume of this product | Storage | Store at 4C in the dark. | |
| Preservative Isotype IgG2a Conjugate Alexa Fluor 700 Purity Protein A or G purified Buffer 50mM Sodium Borate Product Description Host Mouse Gene ID 2495 Gene Symbol FTH1 Species Human, Mouse, Rat Immunogen The immunogen is raised against Ferritin Notes Alexa Fluor (R) products are provided under an intellectual property licens Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and compo of the product only in research conducted by the buyer (whether the buyer academic or for-profit entity). The sale of this product is expressly condition the buyer not using the product or its components, or any materials made the product or its components, in any activity to generate revenue, which include, but is not limited to use of the product or its components: (i) in manufacturing; (ii) to provide a service, information, or data in return for payment; (iiii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For infor on purchasing a license to this product for purposes other than as describ above, contact Life Technologies Corporation, 5791 Van Allen Way, Carls CA 92008 USA or outlicensing@lifetech.com. This conjugate is made on demand. Actual recovery may vary from the stated volume of this product | Clonality | Monoclonal | |
| Isotype IgG2a Conjugate Alexa Fluor 700 Purity Protein A or G purified Buffer 50mM Sodium Borate Product Description Host Mouse Gene ID 2495 Gene Symbol FTH1 Species Human, Mouse, Rat Immunogen The immunogen is raised against Ferritin Notes Alexa Fluor (R) products are provided under an intellectual property licens Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and compon of the product or ly in research conducted by the buyer (whether the buye academic or for-profit entity). The sale of this product is expressly condition the buyer not using the product or its components, or any materials made the product or its components, in any activity to generate revenue, which include, but is not limited to use of the product or its components: (i) in manufacturing; (ii) to provide a service, information, or data in return for payment; (iii) for therapeutic, diagnostic or prophylactic purposes, or (iv) for resale, regardless of whether they are resold for use in research. For infor on purchasing a license to this product for purposes other than as describ above, contact Life Technologies Corporation, 5791 Van Allen Way, Carls CA 92008 USA or outlicensing@lifetech.com. This conjugate is made on demand. Actual recovery may vary from the stated volume of this product | Clone | 962610 | |
| Conjugate Alexa Fluor 700 Purity Protein A or G purified 50mM Sodium Borate Product Description Host Mouse Gene ID 2495 Gene Symbol FTH1 Species Human, Mouse, Rat Immunogen The immunogen is raised against Ferritin Notes Alexa Fluor (R) products are provided under an intellectual property licens Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and component for product only in research conducted by the buyer (whether the buye academic or for-profit entity). The sale of this product is expressly condition the buyer not using the product or its components, or any materials made the product or its components, in any activity to generate revenue, which include, but is not limited to use of the product or its components: (i) in manufacturing; (ii) to provide a service, information, or data in return for payment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For infor on purchasing a license to this product for purposes other than as describ above, contact Life Technologies Corporation, 5791 Van Allen Way, Carls CA 92008 USA or outlicensing@lifetech.com. This conjugate is made on demand. Actual recovery may vary from the stated volume of this product | Preservative | 0.05% Sodium Azide | |
| Purity Protein A or G purified Buffer 50mM Sodium Borate Product Description Host Mouse Gene ID 2495 Gene Symbol FTH1 Species Human, Mouse, Rat Immunogen The immunogen is raised against Ferritin Notes Alexa Fluor (R) products are provided under an intellectual property licens Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and compo of the product only in research conducted by the buyer (whether the buye academic or for-profit entity). The sale of this product is expressly condition the buyer not using the product or its components, or any materials made the product or its components, in any activity to generate revenue, which include, but is not limited to use of the product or its components: (i) in manufacturing; (ii) to provide a service, information, or data in return for payment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For information on purchasing a license to this product for purposes other than as describ above, contact Life Technologies Corporation, 5791 Van Allen Way, Carle CA 92008 USA or outlicensing@lifetech.com. This conjugate is made on demand. Actual recovery may vary from the stated volume of this product. | Isotype | lgG2a | |
| Buffer 50mM Sodium Borate Product Description Host Mouse Gene ID 2495 Gene Symbol FTH1 Species Human, Mouse, Rat Immunogen The immunogen is raised against Ferritin Notes Alexa Fluor (R) products are provided under an intellectual property license Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and compons of the product only in research conducted by the buyer (whether the buyer academic or for-profit entity). The sale of this product is expressly condition the buyer not using the product or its components, or any materials made the product or its components, in any activity to generate revenue, which include, but is not limited to use of the product or its components: (i) in manufacturing; (ii) to provide a service, information, or data in return for payment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For information, or characteristic purposes of the product to the product or its components. (I) in manufacturing; (III) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For information, or characteristic purposes of the product to the product or its components. (IV) for the payment, (IV) for the product for purposes other than as described above, contact Life Technologies Corporation, 5791 Van Allen Way, Carls CA 92008 USA or outlicensing@lifetech.com. This conjugate is made on demand. Actual recovery may vary from the stated volume of this product | Conjugate | Alexa Fluor 700 | |
| Product Description Host Mouse Gene ID 2495 Gene Symbol FTH1 Species Human, Mouse, Rat Immunogen The immunogen is raised against Ferritin Notes Alexa Fluor (R) products are provided under an intellectual property licens Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and component of the product only in research conducted by the buyer (whether the buye academic or for-profit entity). The sale of this product is expressly condition the buyer not using the product or its components, or any materials made the product or its components, in any activity to generate revenue, which include, but is not limited to use of the product or its components: (i) in manufacturing; (ii) to provide a service, information, or data in return for payment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For information, on purchasing a license to this product for purposes other than as describe above, contact Life Technologies Corporation, 5791 Van Allen Way, Carles CA 92008 USA or outlicensing@lifetech.com. This conjugate is made on demand. Actual recovery may vary from the stated volume of this product. | Purity | Protein A or G purified | |
| Host Gene ID 2495 Gene Symbol FTH1 Species Human, Mouse, Rat Immunogen The immunogen is raised against Ferritin Notes Alexa Fluor (R) products are provided under an intellectual property licens Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and compon of the product only in research conducted by the buyer (whether the buye academic or for-profit entity). The sale of this product is expressly condition the buyer not using the product or its components, or any materials made the product or its components, in any activity to generate revenue, which include, but is not limited to use of the product or its components: (i) in manufacturing; (ii) to provide a service, information, or data in return for payment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For infor on purchasing a license to this product for purposes other than as describe above, contact Life Technologies Corporation, 5791 Van Allen Way, Carlis CA 92008 USA or outlicensing@lifetech.com. This conjugate is made on demand. Actual recovery may vary from the stated volume of this product | Buffer | 50mM Sodium Borate | |
| Gene Symbol FTH1 Species Human, Mouse, Rat Immunogen The immunogen is raised against Ferritin Notes Alexa Fluor (R) products are provided under an intellectual property licens Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and compo of the product only in research conducted by the buyer (whether the buye academic or for-profit entity). The sale of this product is expressly condition the buyer not using the product or its components, or any materials made the product or its components, in any activity to generate revenue, which include, but is not limited to use of the product or its components: (i) in manufacturing; (ii) to provide a service, information, or data in return for payment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For infor on purchasing a license to this product for purposes other than as describ above, contact Life Technologies Corporation, 5791 Van Allen Way, Carls CA 92008 USA or outlicensing@lifetech.com. This conjugate is made on demand. Actual recovery may vary from the stated volume of this product | Product Description | | |
| Gene Symbol FTH1 Species Human, Mouse, Rat Immunogen The immunogen is raised against Ferritin Notes Alexa Fluor (R) products are provided under an intellectual property licens Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and compons of the product only in research conducted by the buyer (whether the buye academic or for-profit entity). The sale of this product is expressly condition the buyer not using the product or its components, or any materials made the product or its components, in any activity to generate revenue, which include, but is not limited to use of the product or its components: (i) in manufacturing; (ii) to provide a service, information, or data in return for payment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For informating a license to this product for purposes other than as described above, contact Life Technologies Corporation, 5791 Van Allen Way, Carls CA 92008 USA or outlicensing@lifetech.com. This conjugate is made on demand. Actual recovery may vary from the stated volume of this product | Host | Mouse | |
| Species Human, Mouse, Rat The immunogen is raised against Ferritin Notes Alexa Fluor (R) products are provided under an intellectual property licens Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and compo of the product only in research conducted by the buyer (whether the buye academic or for-profit entity). The sale of this product is expressly condition the buyer not using the product or its components, or any materials made the product or its components, in any activity to generate revenue, which include, but is not limited to use of the product or its components: (i) in manufacturing; (ii) to provide a service, information, or data in return for payment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For information, or payment, (iii) above, contact Life Technologies Corporation, 5791 Van Allen Way, Carles CA 92008 USA or outlicensing@lifetech.com. This conjugate is made on demand. Actual recovery may vary from the stated volume of this product | Gene ID | 2495 | |
| Immunogen The immunogen is raised against Ferritin Alexa Fluor (R) products are provided under an intellectual property licens Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and composed of the product only in research conducted by the buyer (whether the buye academic or for-profit entity). The sale of this product is expressly condition the buyer not using the product or its components, or any materials made the product or its components, in any activity to generate revenue, which include, but is not limited to use of the product or its components: (i) in manufacturing; (ii) to provide a service, information, or data in return for payment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For information on purchasing a license to this product for purposes other than as describ above, contact Life Technologies Corporation, 5791 Van Allen Way, Carls CA 92008 USA or outlicensing@lifetech.com. This conjugate is made on demand. Actual recovery may vary from the stated volume of this product | Gene Symbol | FTH1 | |
| Alexa Fluor (R) products are provided under an intellectual property licens Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and composed of the product only in research conducted by the buyer (whether the buyer academic or for-profit entity). The sale of this product is expressly condition the buyer not using the product or its components, or any materials made the product or its components, in any activity to generate revenue, which include, but is not limited to use of the product or its components: (i) in manufacturing; (ii) to provide a service, information, or data in return for payment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For information on purchasing a license to this product for purposes other than as describe above, contact Life Technologies Corporation, 5791 Van Allen Way, Carls CA 92008 USA or outlicensing@lifetech.com. This conjugate is made on demand. Actual recovery may vary from the stated volume of this product | Species | Human, Mouse, Rat | |
| Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and composite of the product only in research conducted by the buyer (whether the buye academic or for-profit entity). The sale of this product is expressly condition the buyer not using the product or its components, or any materials made the product or its components, in any activity to generate revenue, which include, but is not limited to use of the product or its components: (i) in manufacturing; (ii) to provide a service, information, or data in return for payment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For information on purchasing a license to this product for purposes other than as describe above, contact Life Technologies Corporation, 5791 Van Allen Way, Carls CA 92008 USA or outlicensing@lifetech.com. This conjugate is made on demand. Actual recovery may vary from the stated volume of this product | Immunogen | The immunogen is raised against Ferritin | |
| | Notes | manufacturing; (ii) to provide a service, information, or data in return for payment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For information on purchasing a license to this product for purposes other than as described above, contact Life Technologies Corporation, 5791 Van Allen Way, Carlsbad, | |

| Product Application Details | |
|------------------------------------|--|
| Applications | Western Blot, Immunocytochemistry/ Immunofluorescence, Immunocytochemistry |
| Recommended Dilutions | Western Blot, Immunocytochemistry/ Immunofluorescence, Immunocytochemistry |
| Application Notes | Optimal dilution of this antibody should be experimentally determined. |
