**NB100-56485APC**

CRHR2/CRF2 Antibody [Allophycocyanin]

| Product Information         |                                                                                                                              |
|-----------------------------|------------------------------------------------------------------------------------------------------------------------------|
| Unit Size                   | 0.1 ml                                                                                                                       |
| Concentration               | Please see the vial label for concentration. If unlisted please contact technical services.                                  |
| Storage                     | Store at 4C in the dark.                                                                                                     |
| Clonality                   | Polyclonal                                                                                                                   |
| Preservative                | 0.05% Sodium Azide                                                                                                           |
| Isotype                     | IgG                                                                                                                          |
| Conjugate                   | Allophycocyanin                                                                                                              |
| Purity                      | Protein G purified                                                                                                           |
| Buffer                      | PBS                                                                                                                          |
| Product Description         |                                                                                                                              |
| Host                        | Rabbit                                                                                                                       |
| Gene ID                     | 1395                                                                                                                         |
| Gene Symbol                 | CRHR2                                                                                                                        |
| Species                     | Human, Mouse, Rat, Bovine, Canine, Chicken, Mammal                                                                           |
| Reactivity Notes            | Mammal reactivity reported in scientific literature (PMID:33344730) 94% sequence identity with Rhesus monkey                 |
| Specificity/Sensitivity     | There are three isoforms of CRHR2 in human: alpha is 411 amino acids, beta is 438 amino acids, and gamma is 397 amino acids. |
| Immunogen                   | A portion of amino acids 75-125 of human CRHR2 was used as the immunogen.                                                    |
| Product Application Details |                                                                                                                              |
| Applications                | Western Blot, Immunocytochemistry/ Immunofluorescence                                                                        |
| Recommended Dilutions       | Western Blot, Immunocytochemistry/ Immunofluorescence                                                                        |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                       |
