| Clonality                   | Polyclonal                                                                                                                                                                |
| Preservative                | 0.05% Sodium Azide                                                                                                                                                        |
| Isotype                     | IgG                                                                                                                                                                       |
| Conjugate                   | Janelia Fluor 646                                                                                                                                                         |
| Purity                      | Immunogen affinity purified                                                                                                                                               |
| Buffer                      | 50mM Sodium Borate                                                                                                                                                        |
| Product Description         |                                                                                                                                                                           |
| Host                        | Rabbit                                                                                                                                                                    |
| Gene ID                     | 6598                                                                                                                                                                      |
| Gene Symbol                 | SMARCB1                                                                                                                                                                   |
| Species                     | Human, Mouse                                                                                                                                                              |
| Reactivity Notes            | Based on 100% sequence identity, this antibody is predicted to react with X. laevis, X. tropicalis.                                                                       |
| Immunogen                   | The immunogen recognized by this antibody maps to a region between residue 75 and 125 of human SMARCB1/SNF5 using the numbering given in entry NP_003064.2 (GeneID 6598). |
| Notes                       | Sold under license from the Howard Hughes Medical Institute, Janelia Research Campus.                                                                                     |
| Product Application Details |                                                                                                                                                                           |
| Applications                | Western Blot, Immunohistochemistry, Immunohistochemistry-Paraffin, Immunoprecipitation                                                                                    |
| Recommended Dilutions       | Western Blot, Immunohistochemistry, Immunoprecipitation, Immunohistochemistry-Paraffin                                                                                    |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                    |
