Integrin beta 1/CD29 Antibody (12G10) [Alexa Fluor® 750]

Unit Size O.1 ml Concentration Please see the vial label for concentration. If unlisted please co services. Storage Store at 4C in the dark. Clonality Monoclonal Clone 12G10 Preservative 0.05% Sodium Azide Isotype IgG1 Conjugate Alexa Fluor 750 Purity Protein G purified Buffer 50mM Sodium Borate Product Description Host Mouse Gene ID 3688 Gene Symbol ITGB1 Species Human Marker Stem Cell Marker Specificity/Sensitivity N8100-63255 recognises the human beta1 integrin. This has be bind to a ligand induced binding site, binding being increased in fibronectin ligand. This also enhances alpha 5 - beta 1 - fibrone Immunogen Purified human beta1 integrin preparation from HT1080 fibrosar Notes Alexa Fluor (R) products are provided under an intellectual prop Life Technologies Corporation. The purchase of this product co buyer the non-transferable right to use the purchased product and the product of the product only in research conducted by the buyer (whethe academic or for-profit entity). The sale of this product is express the buyer not using the product or its components, or any mate the product or its components, in any activity to generate reven include, but is not limited to use of the product or its component manufacturing; (iii) to provide a service, information, or data in repayment; (iii) for therapeutic, diagnostic or prophactic purpose resale, regardless of whether they are resold for use in research on purchasing a license to this product for purposes other than above, contact Life Technologies Corporation, 5791 Van Allen'

Product Application Details

Western Blot, ELISA, Flow Cytometry, Immunocytochemistry/ **Applications**

Immunofluorescence, Immunohistochemistry, Immunohistochemistry-Frozen,

Immunoprecipitation

Recommended Dilutions	Western Blot, Flow Cytometry, ELISA, Immunohistochemistry, Immunocytochemistry/ Immunofluorescence, Immunoprecipitation, Immunohistochemistry-Frozen
Application Notes	Optimal dilution of this antibody should be experimentally determined.
