**Application Notes** 

| CLEC10A/CD301 Antibody (ER-MP23) [Biotin] |   |
|---|---|
| Product Information                       |   |
| Unit Size                                 | 0.125 ml  |
| Concentration                             | Please see the vial label for concentration. If unlisted please contact technical services.   |
| Storage                                   | Store at 4C in the dark.  |
| Clonality                                 | Monoclonal  |
| Clone                                     | ER-MP23   |
| Preservative                              | 0.05% Sodium Azide  |
| Isotype                                   | lgG2a   |
| Conjugate                                 | Biotin  |
| Purity                                    | Protein G purified  |
| Buffer                                    | PBS   |
| Product Description                       |   |
| Host                                      | Rat   |
| Gene ID                                   | 10462   |
| Gene Symbol                               | CLEC10A   |
| Species                                   | Mouse   |
| Reactivity Notes                          | 0   |
| Specificity/Sensitivity                   | NB100-64874 recognizes murine CD301, a 38 kD cell surface protein that is otherwise known as macrophage galactose N-acetylgalactosamine lectin (MGL) or dendritic cell asialoglycoprotein (DC-ASGPR). In mice, CD301 is predominantly expressed on mature macrophages found associated with a wide range of connective tissues including macrophages in the dermis and the pancreas. Clone ER-MP23 also detects a population of dendritic cells in lymphoid tissue, which are probably recent immigrants from peripheral connective tissue sites. Expression of CD301 is induced by alternative (i.e. IL-4/IL-13 mediated) activation of macrophages and dendritic cells, but not all CD301 positive cells are necessarily IL-4/IL-13 stimulated. Clone ER-MP23 is reported to block the function of mouse CD301. The antibody binds both MGL1 and MGL2 homologues. |
| Immunogen                                 | Balb/c macrophage precursor cell hybrids  |
| Product Application Details               |   |
| Applications                              | Flow Cytometry, Immunocytochemistry/Immunofluorescence, Immunohistochemistry, Immunohistochemistry-Frozen   |
| Recommended Dilutions                     | Flow Cytometry, Immunohistochemistry, Immunocytochemistry/Immunofluorescence, Immunohistochemistry-Frozen   |
|   |   |

Optimal dilution of this antibody should be experimentally determined.
