## NB100-664AF350

VEGF Antibody (VG1) [Alexa Fluor® 350]

Unit Size	VEGI Antibody (VGT) [Alexa Fidol @ 300]		
Please see the vial label for concentration. If unlisted please contact technical services.   Storage   Store at 4C in the dark.	Product Information		
Storage Store at 4C in the dark.  Clonality Monoclonal  Clone VG1  Preservative 0.05% Sodium Azide  Isotype IgG1 Kappa  Conjugate Alexa Fluor 350  Purity Protein G purified  Buffer 50mM Sodium Borate  Product Description  Host Mouse  Gene ID 7422  Gene Symbol VEGFA  Species Human, Mouse, Rat, Porcine, Canine  Reactivity Notes Use in Rat reported in scientific literature (PMID:34423682). Use in Porcine reported in Scientific literature (PMID:34423682). Use in Porcine reported in Scientific literature (PMID:34423682). Use in Porcine reported in Scientific literature (PMID:34132871).  Specificity/Sensitivity This VEGF Antibody (VG1) detects the 189, 165 and 121 isoforms of VEGF  Immunogen Recombinant VEGF 189 protein.  Notes Alexa Fluor (R) products are provided under an intellectual property license from Life Technologies Corporation. The purchased product and components of the brouch conty in research conducted by the buyer (whether buyer is an academic or for-profit entity). The sale of this product and components of the product on its components, or any materials made using the product or its components, or any materials made using the product or its components, or any materials made using the product or its components, or any materials made using the product or its components, or any materials made using the product or its components, or any materials made using the product or its components, or any materials made using the product or its components, or any materials made using the product or its components, or any materials made using the product or its components, or any materials made using the product or its components, or any materials made using the product or its components, or any materials made using the product or its components, or any materials made using the product or its components, or any materials made using the product or its components, or any materials made using the product or its components, or any materials made using the product or its components, or any materials made using the produc	Unit Size	0.1 ml

Specificity/Sensitivity This VEGF Antibody (VG1) detects the 189, 165 and 121 isoforms of VEGF Immunogen  Recombinant VEGF 189 protein.  Notes Alexa Fluor (R) products are provided under an intellectual property license from Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and components of the product only in research conducted by the buyer (whether the buyer is an academic or for-profit entity). The sale of this product is expressly conditioned on the buyer not using the product or its components, or any materials made using the product or its components, in any activity to generate revenue, which may include, but is not limited to use of the product or its components: (i) in manufacturing; (ii) to provide a service, information, or data in return for payment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For information on purchasing a license to this product for purposes other than as described above, contact Life Technologies Corporation, 5791 Van Allen Way, Carlsbad, CA 92008 USA or outlicensing@lifetech.com. This conjugate is made on demand. Actual recovery may vary from the stated volume of this product. The volume will be greater than or equal to the unit size stated on the datasheet.
