| Product Application Details | |
| Applications | Western Blot, Immunoprecipitation |
| Recommended Dilutions | Western Blot, Immunoprecipitation |
| Application Notes | This FE65 antibody is useful in Western blot and Immunoprecipitation. In Western blot a band is seen at ~100 kDa versus the predicted molecular weight of 77 kDa, which corresponds to earlier findings in literature (PMID: 9685356). The observed molecular weight of the protein may vary from the listed predicted molecular weight due to post translational modifications, post translation cleavages, relative charges, and other experimental factors. |
