Specificity/Sensitivity  This antibody detects  Immunogen  Notes  Alexa Fluor (R) product only in academic or for-profithe buyer not using the product or its cor include, but is not limmanufacturing; (ii) to payment; (iii) for ther resale, regardless of on purchasing a licer above, contact Life TCA 92008 USA or out	Negative)
Purity  Buffer  50mM Sodium Borat  Product Description  Host  Gene ID  348  Gene Symbol  APOE  Species  Human, Mouse, Rat  Reactivity Notes  Reacts with human be tissue.  Specificity/Sensitivity  Immunogen  Notes  Alexa Fluor (R) product for the product only in academic or for-profit he buyer not using the product or its cor include, but is not limmanufacturing; (ii) to payment; (iii) for ther resale, regardless of on purchasing a licer above, contact Life TCA 92008 USA or out	Negative)
Product Description  Host Mouse  Gene ID 348  Gene Symbol APOE  Species Human, Mouse, Rat  Reactivity Notes Reacts with human be tissue.  Specificity/Sensitivity This antibody detects  Immunogen Purified human Apol  Alexa Fluor (R) product only in academic or for-profit the buyer not using the product or its cor include, but is not limmanufacturing; (ii) to payment; (iii) for ther resale, regardless of on purchasing a licer above, contact Life TCA 92008 USA or out	Negative)
Product Description  Host  Gene ID  348  Gene Symbol  APOE  Species  Human, Mouse, Rat  Reacts with human be tissue.  Specificity/Sensitivity  Immunogen  Notes  Alexa Fluor (R) product only in academic or for-profit the buyer not using the product or its cor include, but is not limmanufacturing; (ii) to payment; (iii) for ther resale, regardless of on purchasing a licer above, contact Life TCA 92008 USA or out	Negative)
Host Gene ID  348  Gene Symbol APOE  Species Human, Mouse, Rat Reactivity Notes Reacts with human be tissue.  Specificity/Sensitivity Immunogen Purified human ApoE  Alexa Fluor (R) product of the product only in academic or for-profit the buyer not using the product or its corniclude, but is not limmanufacturing; (ii) to payment; (iii) for ther resale, regardless of on purchasing a licer above, contact Life TCA 92008 USA or out	
Gene Symbol  Species  Human, Mouse, Rat  Reactivity Notes  Reacts with human betissue.  Specificity/Sensitivity  This antibody detects  Immunogen  Purified human Apol  Alexa Fluor (R) product only in academic or for-profithe buyer not using the product or its cor include, but is not limmanufacturing; (ii) to payment; (iii) for ther resale, regardless of on purchasing a licer above, contact Life TCA 92008 USA or out	
Gene Symbol  Species  Human, Mouse, Rat  Reactivity Notes  Reacts with human be tissue.  Specificity/Sensitivity  This antibody detects  Immunogen  Purified human Apolic Life Technologies Combuyer the non-transfer of the product only in academic or for-profit the buyer not using the product or its combunication include, but is not liming manufacturing; (ii) to payment; (iii) for them resale, regardless of on purchasing a licer above, contact Life To CA 92008 USA or out	
Species  Reactivity Notes  Reacts with human be tissue.  Specificity/Sensitivity  This antibody detects  Immunogen  Purified human Apoll  Alexa Fluor (R) product only in academic or for-profit the buyer not using the product or its cordinclude, but is not limmanufacturing; (iii) to payment; (iii) for ther resale, regardless of on purchasing a licer above, contact Life TCA 92008 USA or out the state of the product or its cordinates.	
Reactivity Notes  Reacts with human be tissue.  Specificity/Sensitivity  This antibody detects  Purified human Apolic Alexa Fluor (R) productife Technologies Consumption buyer the non-transfer of the product only in academic or for-profit the buyer not using the product or its consinclude, but is not liming manufacturing; (iii) to payment; (iii) for the resale, regardless of on purchasing a licent above, contact Life Total CA 92008 USA or out	
tissue.  Specificity/Sensitivity  This antibody detects  Purified human Apol  Alexa Fluor (R) product of the product only in academic or for-profithe buyer not using the product or its cor include, but is not limmanufacturing; (ii) to payment; (iii) for ther resale, regardless of on purchasing a licer above, contact Life T CA 92008 USA or out	attanthan mayor It door not appear to react with not brain
Immunogen  Purified human Apole Alexa Fluor (R) product a Life Technologies Continuous the product only in academic or for-profit the buyer not using the product or its continuous put in academic or for-profit the product or its continuous put in academic or for-profit the product or its continuous put in academic or for-profit the product or its continuous put in academic or for-profit the product or its continuous put in academic or for-profit the product or its continuous put in academic or for-profit the product or its continuous put in academic or for-profit the product on its continuous put in academic or for-profit the product or its continuous put in	etter than mouse. It does not appear to react with rat brain
Notes  Alexa Fluor (R) product Technologies Consumer the non-transfer of the product only in academic or for-profit the buyer not using the product or its consinct the product or its consistency	ApoE2, ApoE3 and ApoE4 (PMID 2466929).
Life Technologies Co buyer the non-transfe of the product only in academic or for-profit the buyer not using t the product or its con include, but is not lim manufacturing; (ii) to payment; (iii) for ther resale, regardless of on purchasing a licer above, contact Life T CA 92008 USA or ou	[UniProt# P02649]
	rects are provided under an intellectual property license from reporation. The purchase of this product conveys to the rable right to use the purchased product and components research conducted by the buyer (whether the buyer is an entity). The sale of this product is expressly conditioned on the product or its components, or any materials made using aponents, in any activity to generate revenue, which may reted to use of the product or its components: (i) in provide a service, information, or data in return for apeutic, diagnostic or prophylactic purposes; or (iv) for whether they are resold for use in research. For information se to this product for purposes other than as described echnologies Corporation, 5791 Van Allen Way, Carlsbad, thicensing@lifetech.com. This conjugate is made on very may vary from the stated volume of this product. The rethan or equal to the unit size stated on the datasheet.

Immunocytochemistr	
Immunocytochemistr	Flow Cytometry, Flow (Intracellular), // Immunofluorescence, Immunohistochemistry, y-Paraffin, Immunoprecipitation, CyTOF-ready
Application Notes Optimal dilution of th	// Immunofluorescence, Immunohistochemistry,

## **Images**

Flow Cytometry: Apolipoprotein E/ApoE Antibody (WUE-4) [Alexa Fluor® 488] [NB110-60531AF488] - An intracellular stain was performed on SK-MEL-28 cells with alpha-Synuclein [2A7] Antibody NB110-60531AF488 (blue) and a matched isotype control (orange). Cells were fixed with 4% PFA and then permeabilized with 0.1% saponin. Cells were incubated in an antibody dilution of 5 ug/mL for 30 minutes at room temperature. Both antibodies were conjugated to Alexa Fluor 488.
