Progesterone R/NR3C3 Antibody (Alpha PR6) [Alexa Fluor® 405]

Unit Size 0.1 ml  Concentration Concentrations vary lot to lot. See vial label for concentration. If unlisted please contact technical services.  Storage Store at 4C in the dark.  Clonality Monoclonal  Clone Alpha PR6  Preservative 0.05% Sodium Azide Isotype IgG2a  Conjugate Alexa Fluor 405  Purity Protein A or G purified Buffer 50mM Sodium Borate  Product Description  Host Mouse  Gene ID 5241  Gene Symbol PGR  Species Human, Mouse, Rat, Bovine, Chicken, Guinea Pig, Primate, Rabbit, Sheep  Reactivity Notes Primate reactivity reported in scientific literature (PMID: 18980817), Please note that this antibody is reactive to Mouse and derived from the same host, Mouse. Additional Mouse on Mouse blocking steps may be required for IHC and ICC experiments. Please contact Technical Support for more information.  Specificity/Sensitivity Detects the B from of the productor or glucocorticoid receptor.  Immunogen Progesterone receptor or glucocorticoid receptor.  Alexa Fluor (R) products are provided under an intellectual property license from the strongen receptor or glucocorticoid receptor.  Alexa Fluor (R) products are provided under an intellectual property license from the product only in research conducted by the buyer (whether the buyer is an academic of for-profit entity). The sale of this product conveys to the buyer the non-transferable right to use the purchase of this product onceptor of the product only in research conducted by the buyer (whether the buyer is an academic of for-profit entity). The sale of this product is expressly conditioned on the buyer not using the product or its components, of any materials made using the product on its components, or any materials made using the product or license for the profite entity. The sale of this product is expressly conditioned on the buyer not using the product or its components, or any materials made using the product or its components, or any materials made using the product or its components, or information on purchasing a license to this product for purpose		(Alpha Fixo) [Alexa Fixo]
Concentration Concentrations vary lot to lot. See vial label for concentration. If unlisted please contact technical services.  Storage Store at 4C in the dark.  Clonality Monoclonal  Clone Alpha PR6  Preservative 0.05% Sodium Azide  Isotype IgG2a  Conjugate Alexa Fluor 405  Purity Protein A or G purified  Buffer 50mM Sodium Borate  Product Description  Host Mouse  Gene ID 5241  Gene Symbol PGR  Species Human, Mouse, Rat, Bovine, Chicken, Guinea Pig, Primate, Rabbit, Sheep  Reactivity Notes Primate reactivity reported in scientific literature (PMID: 18980817). Please note that this antibody is reactive to Mouse and derived from the same host, Mouse, Additional Mouse on Mouse blocking steps may be required for IHC and ICC experiments. Please contact Technical Support for more information.  Specificity/Sensitivity Detects the B form of the progesterone receptor (PR). This does not cross-react with estrogen receptor or glucocorticoid receptor.  Immunogen Progesterone receptor purified from chick oviduct cytosol.  Notes  Alexa Fluor (R) products are provided under an intellectual property license from Life Technical Support for more information.  Alexa Fluor (R) products are provided under an intellectual property license from Life Technical Support for more information, or how the progesterone receptor (PR). This does not cross-react with estrogen receptor purified from chick oviduct cytosol.  Notes  Alexa Fluor (R) products are provided under an intellectual property license from Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and components of the product only in research conducted by the buyer (whether the buyer is an academic or for-profit entity). The sale of this product are evenue, which may include, but is not limited to use of the product only normality in the product on its components; or in y materials made using the product on till might to use of the product only normality or purposes other than as described above	Product Information
