Nestin Antibody (10C2) [Alexa Fluor® 750]

Unit Size 0.1 ml Concentration Please see the vial label for concentration. If unlisted please contact technical services. Storage Store at 4C in the dark. Clonality Monoclonal Clone 10C2 Preservative 0.05% Sodium Azide Isotype IgG1 Kappa Conjugate Alexa Fluor 750 Purity Protein G purified Buffer 50mM Sodium Borate Product Description Host Mouse Gene ID 10763 Gene Symbol NES Species Human, Mouse, Rabbit (Negative), Rat (Negative) Reactivity Notes This antibody does not cross-react with rat or rabbit. Marker Neural Stem Cell Marker Immunogen A fragment of the human Nestin protein corresponding to residues 1464-1614. [UniProt P48681] Notes Alexa Fluor (R) products are provided under an intellectual property license from Life Technologies Corporation. The purchase of product conveys to the buyer the non-transferable right to use the purchased product and components of the product only in research conducted by the buyer (whether the buyer is an academic or for-profit entity). The sale of this product is expressly conditioned on the buyer not using the product or its components; (i) in manufacturing; (ii) to whether they are resolt for use in research. Which may include, but is not limited to use of the prophylactic purposes; or (iv) for payment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resolt for use in research. Por information on purchasing a license to this product for purposes other than as described above, contact Life Technologies Corporation, 5791 Van Allen Way, Carlsbad, CA \$2008 USA or outlinesing@illietech.com. This can prospect is resolated to the conjugate is made using the product of residence singless of the product of the prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For information on purchasing a license to this product for purposes other than as described above, contact Life Technologies Corporation, 5791 Van Allen Way, Carlsbad, CA \$2008 USA or outlinesing@illietech.com.	Nestin Antibody (1002) [Alexa Fidor® 750]		
Please see the vial label for concentration. If unlisted please contact technical services.	Product Information		
Storage Store at 4C in the dark. Clonality Monoclonal Clone 10C2 Preservative 0.05% Sodium Azide Isotype IgG1 Kappa Conjugate Alexa Fluor 750 Purity Protein G purified Buffer 50mM Sodium Borate Product Description Host Mouse Gene ID 10763 Gene Symbol NES Species Human, Mouse, Rabbit (Negative), Rat (Negative) Reactivity Notes This antibody does not cross-react with rat or rabbit. Marker Neural Stem Cell Marker Immunogen Alexa Fluor (R) products are provided under an intellectual property licenses from Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and components of the buyer on using the product or its components, or any materials made using include, but is not limited to use of the product only in research conducted by the buyer (whether the buyer is a vacademic or for-profit entity). The sale of this product conveys to the buyer not using the product or its components, or any materials made using the product or its components, or any materials made using include, but is not limited to use of the product or its components; (i) in manufacturing; (ii) to provide a service, information, or data in return for payment, (iii) for therapeutic, diagnostic or prophylactic purposes or (iv) for resale, regardless of whether they are resold for use in research. For information on purchasing a license to this product for purposes of this product. The volume will be greater than or equal to the unit size stated on the datasheet.
