# NB600-1015F

Podoplanin Antibody (8.1.1) [FITC]

| Podopianin Antibody (6.1.1) [F116] |  |
|------------------------------------|--|
| Product Information                |  |
| Unit Size                          | 0.1 ml   |
| Concentration                      | Please see the vial label for concentration. If unlisted please contact technical services.  |
| Storage                            | Store at 4C in the dark.   |
| Clonality                          | Monoclonal   |
| Clone                              | 8.1.1  |
| Preservative                       | 0.05% Sodium Azide   |
| Isotype                            | IgG  |
| Conjugate                          | FITC   |
| Purity                             | Protein G purified   |
| Buffer                             | PBS  |
| Product Description                |  |
| Host                               | Golden Syrian Hamster  |
| Gene ID                            | 10630  |
| Gene Symbol                        | PDPN   |
| Species                            | Mouse, Human (Negative)  |
| Reactivity Notes                   | Does not cross-react with human.   |
| Marker                             | Lymphatic Endothelium Marker   |
| Immunogen                          | Murine thymic stromal cell lines   |
| Notes                              | This conjugate is made on demand. Actual recovery may vary from the stated volume of this product. The volume will be greater than or equal to the unit size stated on the datasheet.                                |
| Product Application Details        |  |
| Applications                       | Western Blot, Electron Microscopy, Flow Cytometry, Immunocytochemistry/<br>Immunofluorescence, Immunohistochemistry, Immunohistochemistry-Paraffin, Immunoprecipitation, CyTOF-ready                                 |
| Recommended Dilutions              | Western Blot, Flow Cytometry, Immunohistochemistry, Immunocytochemistry/<br>Immunofluorescence, Immunoprecipitation, Immunohistochemistry-Paraffin,<br>Immunohistochemistry-Frozen, Electron Microscopy, CyTOF-ready |
| Application Notes                  | Optimal dilution of this antibody should be experimentally determined.   |
| · ·                                |  |
