## NB600-518C

E-Tag Epitope Tag Antibody [DyLight 650]

| E-Tag Epitope Tag Antibody [DyLight 650] |   |
|--|---|
| Product Information                      |   |
| Unit Size                                | 0.1 ml  |
| Concentration                            | Please see the vial label for concentration. If unlisted please contact technical services. |
| Storage                                  | Store at 4C in the dark.  |
| Clonality                                | Polyclonal  |
| Preservative                             | 0.05% Sodium Azide  |
| Isotype                                  | IgG   |
| Conjugate                                | DyLight 650   |
| Purity                                   | Immunogen affinity purified   |
| Buffer                                   | 50mM Sodium Borate  |
| Product Description                      |   |
| Host                                     | Goat  |
| Species                                  | Epitope Tag   |
| Reactivity Notes                         | 0   |
| Immunogen                                | Goats were immunized with E-Tag (GAPVPYPDPLEPR) conjugated to KLH.                          |
| Notes                                    | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.           |
| Product Application Details              |   |
| Applications                             | ELISA, Immunoprecipitation  |
| Recommended Dilutions                    | ELISA, Immunoprecipitation  |

| Recommended Dilutions | ELISA, Immunoprecipitation   |
|-----------------------|--|
| Application Notes     | Optimal dilution of this antibody should be experimentally determined. |
|                       |  |
|                       |  |
|                       |  |
