Specificity/Sensitivity The mouse monoclonal antibody approximately 100 kDa epithelial important for determination of inv VIII Immunogen T-47D cells Alexa Fluor (R) products are provided Englished Corporation. To buyer the non-transferable right to of the product only in research conduct academic or for-profit entity). The the buyer not using the product of the product or its components, in include, but is not limited to use of manufacturing; (ii) to provide a sepayment; (iii) for therapeutic, diagresale, regardless of whether the on purchasing a license to this plabove, contact Life Technologies CA 92008 USA or outlicensing@		
approximately 100 kDa epithelial important for determination of inv VIII Immunogen T-47D cells Alexa Fluor (R) products are providing Technologies Corporation. To buyer the non-transferable right to of the product only in research of academic or for-profit entity). The the buyer not using the product of the product or its components, in include, but is not limited to use of manufacturing; (ii) to provide a sepayment; (iii) for therapeutic, diagresale, regardless of whether the on purchasing a license to this propagation above, contact Life Technologies CA 92008 USA or outlicensing@	Junctions Marker	
Alexa Fluor (R) products are productive. The components of the product only in research of academic or for-profit entity). The the buyer not using the product of the product or its components, in include, but is not limited to use of manufacturing; (ii) to provide a sepayment; (iii) for therapeutic, diagressle, regardless of whether the on purchasing a license to this product or its components.	y 67A4 recognizes CD324 / E-cadherin, an il cell adhesion molecule, whose detection is vasive potential of epithelial neoplasms. HLDA	
Alexa Fluor (R) products are producted Technologies Corporation. To buyer the non-transferable right to of the product only in research contact academic or for-profit entity). The the buyer not using the product of the product or its components, in include, but is not limited to use of manufacturing; (ii) to provide a sepayment; (iii) for therapeutic, diagressale, regardless of whether the on purchasing a license to this product of the product or its components.		
	ovided under an intellectual property license from The purchase of this product conveys to the to use the purchased product and components conducted by the buyer (whether the buyer is an e sale of this product is expressly conditioned on or its components, or any materials made using any activity to generate revenue, which may of the product or its components: (i) in service, information, or data in return for agnostic or prophylactic purposes; or (iv) for ey are resold for use in research. For information product for purposes other than as described as Corporation, 5791 Van Allen Way, Carlsbad, we lifetech.com. This conjugate is made on any from the stated volume of this product. The qual to the unit size stated on the datasheet.	

Product Application Details

Applications	Western Blot, Flow Cytometry, Immunocytochemistry/ Immunofluorescence, Immunohistochemistry, Immunohistochemistry-Frozen, Immunoprecipitation, CyTOF-ready
Recommended Dilutions	Western Blot, Flow Cytometry, Immunohistochemistry, Immunocytochemistry/ Immunofluorescence, Immunoprecipitation, Immunohistochemistry-Frozen, CyTOF-ready
Application Notes	Optimal dilution of this antibody should be experimentally determined.
