| Preservative                | 0.05% Sodium Azide                                                                                                                                                        |
| Isotype                     | IgG                                                                                                                                                                       |
| Conjugate                   | DyLight 680                                                                                                                                                               |
| Purity                      | Immunogen affinity purified                                                                                                                                               |
| Buffer                      | 50mM Sodium Borate                                                                                                                                                        |
| Product Description         |                                                                                                                                                                           |
| Host                        | Goat                                                                                                                                                                      |
| Species                     | Mouse                                                                                                                                                                     |
| Immunogen                   | Goat anti-Mouse IgG (H+L) Secondary Antibody was produced by repeated immunization with Mouse IgG whole molecule in goat.                                                 |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                                         |
| Product Application Details |                                                                                                                                                                           |
| Applications                | Western Blot, Dot Blot, ELISA, Fluorophore-linked immunosorbent assay, Flow Cytometry, Immunocytochemistry/ Immunofluorescence, Immunohistochemistry, Immunoprecipitation |
| Recommended Dilutions       | Western Blot, Flow Cytometry, ELISA, Immunohistochemistry, Immunocytochemistry/ Immunofluorescence, Immunoprecipitation, Dot Blot, Fluorophore-linked immunosorbent assay |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                    |
