| Isotype                     | IgG                                                                                                                                                                                                                                         |
| Purity                      | Affinity purified                                                                                                                                                                                                                           |
| Buffer                      | PBS, 2% Sucrose                                                                                                                                                                                                                             |
| Target Molecular Weight     | 22 kDa                                                                                                                                                                                                                                      |
| Product Description         |                                                                                                                                                                                                                                             |
| Description                 | The addition of 50% glycerol is optional for those storing this antibody at -20C and not aliquoting smaller units. However, please note that glycerol may interrupt some downstream antibody applications and should be added with caution. |
| Host                        | Rabbit                                                                                                                                                                                                                                      |
| Gene ID                     | 10890                                                                                                                                                                                                                                       |
| Gene Symbol                 | RAB10                                                                                                                                                                                                                                       |
| Species                     | Human, Mouse                                                                                                                                                                                                                                |
| Immunogen                   | Synthetic peptides corresponding to the C terminal of Rab10. Immunizing peptide sequence HGIRFFETSAKANINIEKAFLTLAEDILRKTPVKEPNSENVDISSGGGVT. The peptide sequence for this immunogen was taken from within the described region.            |
| Product Application Details |                                                                                                                                                                                                                                             |
| Applications                | Western Blot                                                                                                                                                                                                                                |
| Recommended Dilutions       | Western Blot 1.0 ug/ml                                                                                                                                                                                                                      |
