MCPIP1/ZC3H12A Antibody [Alexa Fluor® 750]

Unit Size Concentration Please see the vial label for concentration. If unlisted please contact technical services. Storage Store at 4C in the dark. Clonality Polyclonal Preservative 0.05% Sodium Azide Isotype IgG Conjugate Alexa Fluor 750 Purity Peptide affinity purified Buffer 50mM Sodium Borate Product Description Host Rabbit Gene ID 80149 Gene Symbol ZC3H12A Species Human Reactivity Notes Immunogen displays the following percentage of sequence identity for non-tested species: Bovine (82%) Specificity/Sensitivity This ZC3H12A antibody is predicted to have no cross-reactivity to other members of the ZC3H12 protein family. Immunogen Antibody was raised against a 17 amino acid synthetic peptide near the center of human ZC3H12A. Armino Acid Squence: PPRAPSKDKNGRRPSPS Notes Alexa Fluor (R) products are provided under an intellectual property license from Life Technologies Corporation. The purchase of this product onveys to the buyer rol using the product on it is components, or any materials made using the product of its components, or any materials made using the product of its components, or any materials made using the product of its components, or any materials made using the product of its components, or any materials made using the product of its components, or any materials made using the product of its components, or its components.
