| Preservative                | 0.05% Sodium Azide                                                                                                                                                                                            |
| Isotype                     | IgG                                                                                                                                                                                                           |
| Conjugate                   | Biotin                                                                                                                                                                                                        |
| Purity                      | Peptide affinity purified                                                                                                                                                                                     |
| Buffer                      | PBS                                                                                                                                                                                                           |
| Product Description         |                                                                                                                                                                                                               |
| Host                        | Rabbit                                                                                                                                                                                                        |
| Gene ID                     | 286053                                                                                                                                                                                                        |
| Gene Symbol                 | NSMCE2                                                                                                                                                                                                        |
| Species                     | Human, Mouse, Rat                                                                                                                                                                                             |
| Reactivity Notes            | Immunogen displays the following percentage of sequence identity for non-tested species: Bovine (80%).                                                                                                        |
| Immunogen                   | Antibody was raised against a 15 amino acid synthetic peptide near the carboxy terminus of human MMS21. The immunogen is located within amino acids 170 - 220 of MMS21. Amino Acid Sequence: CIVRMIESRQKRKKKA |
| Product Application Details |                                                                                                                                                                                                               |
| Applications                | Western Blot, ELISA                                                                                                                                                                                           |
| Recommended Dilutions       | Western Blot, ELISA                                                                                                                                                                                           |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                        |
