| Clonality                   | Polyclonal                                                                                                                                                                                                |
| Preservative                | 0.05% Sodium Azide                                                                                                                                                                                        |
| Isotype                     | IgG                                                                                                                                                                                                       |
| Conjugate                   | FITC                                                                                                                                                                                                      |
| Purity                      | Peptide affinity purified                                                                                                                                                                                 |
| Buffer                      | PBS                                                                                                                                                                                                       |
| Product Description         |                                                                                                                                                                                                           |
| Host                        | Rabbit                                                                                                                                                                                                    |
| Gene ID                     | 6504                                                                                                                                                                                                      |
| Gene Symbol                 | SLAMF1                                                                                                                                                                                                    |
| Species                     | Human, Mouse, Rat                                                                                                                                                                                         |
| Reactivity Notes            | 0                                                                                                                                                                                                         |
| Specificity/Sensitivity     | 4 isoforms of SLAMF1 are known to exist; this antibody will is predicted to recognize all 4 isoforms. SLAMF1 antibody is predicted to not cross-react with other SLAM protein family members.             |
| Immunogen                   | Antibody was raised against a 15 amino acid synthetic peptide near the amino terminus of human SLAMF1. The immunogen is located within amino acids 30 - 80 of SLAMF1. Amino Acid Squence: LPLTYERINKSMNKS |
| Product Application Details |                                                                                                                                                                                                           |
| Applications                | Western Blot, ELISA, Immunocytochemistry/Immunofluorescence, Immunohistochemistry, Immunohistochemistry-Paraffin                                                                                          |
| Recommended Dilutions       | Western Blot, ELISA, Immunohistochemistry, Immunocytochemistry/Immunofluorescence, Immunohistochemistry-Paraffin                                                                                          |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                    |
