LSD1 Antibody [Alexa Fluor® 488]

Product Information	7 L	•
Please see the vial label for concentration. If unlisted please contact technical services.	Product Information	
Storage Storage Store at 4C in the dark. Clonality Polyclonal Preservative 0.05% Sodium Azide Isotype IgG Conjugate Alexa Fluor 488 Purity Peptide affinity purified Buffer 50mM Sodium Borate Product Description Host Rabbit Gene ID 23028 Gene ID 23028 Gene Symbol KDM1A Species Human, Mouse, Rat Reactivity Notes 0 Marker Nucleus Marker Immunogen Antibody was raised against a 16 amino acid synthetic peptide from near the center of human LSD1. The immunogen is located within amino acids 140 - 190 of LSD1. Amino Acid Squence: QAPPEEENESEPEEPS Notes Alexa Fluor (R) products are provided under an intellectual property license from Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and components of the product or its components, or any materials made using the product or its components, or any materials made using the product or its components. (i) in manufacturing; (ii) to provide a service, information, or data in return to payment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For information on purchasing a license to this product or its components; (i) in manufacturing; (ii) to provide a service, information, or data in return to payment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For information on purchasing a license to this product or ins components; (iii) for information on purchasing a license to this product for use in made as described above, contact Life Technologies Corporation, 5791 Vallen Way, Carlsbad, CA 92008 USA or outlinensing@ifletench.com. This conjugate is made on demand. Actual recovery may vary from the stated volume of this product. The volume will be greater than or equal to the unit size stated on the datasheet.	Unit Size	0.1 ml
Clonality Polyclonal Preservative 0.05% Sodium Azide Isotype IgG Conjugate Alexa Fluor 488 Purity Peptide affinity purified Buffer 50mM Sodium Borate Product Description Host Rabbit Gene ID 23028 Gene Symbol KDM1A Species Human, Mouse, Rat Reactivity Notes 0 Marker Nucleus Marker Immunogen Antibody was raised against a 16 amino acid synthetic peptide from near the center of human LSD1. The immunogen is located within amino acids 140 - 190 of LSD1. Amino Acid Squence: QAPPEEENESPEEPS Notes Alexa Fluor (R) products are provided under an intellectual property license from Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and components of the product only in research conducted by the buyer (whether the buyer is an academic or for-profit entity). The sale of this product conveys to the buyer not using the product or its components, or any materials made using the product or its components. In any activity to generate revenue, which may include, but is not limited to use of the product or its components; (i) in manufacturing; (ii) to provide a service, information, or adain the run for payment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For information on purchasing a license to this product or use in research. For information on purchasing a license to this product or purposes other than as described above, contact Life Technologies Corporation, 5791 Van Allen Way, Carlsbad, CA 92008 USA or outlicensing@lifetech.com. This conjugate is made on demand. Actual recovery may vary from the stated volume of this product. The volume will be greater than or equal to the unit size stated on the datasheet.	Concentration	· ·
