|--------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Description</b>             | Novus Biologicals Rabbit TMC6 Antibody - BSA Free (NBP1-76892) is a polyclonal antibody validated for use in IHC, WB, ELISA and ICC/IF. All Novus Biologicals antibodies are covered by our 100% guarantee. |
| <b>Host</b>                    | Rabbit                                                                                                                                                                                                      |
| <b>Gene ID</b>                 | 11322                                                                                                                                                                                                       |
| <b>Gene Symbol</b>             | TMC6                                                                                                                                                                                                        |
| <b>Species</b>                 | Human, Mouse                                                                                                                                                                                                |
| <b>Specificity/Sensitivity</b> | At least four isoforms of EVER1 are known to exist. This EVER1 antibody does not cross-react with EVER2.                                                                                                    |
| <b>Immunogen</b>               | Antibody was raised against a 15 amino acid synthetic peptide from near the center of human EVER1. The immunogen is located within amino acids 560 - 610 of EVER1. Amino Acid Sequence: SEKKLKRRRKPEFDI     |

**Product Application Details**

|                              |                                                                                                                                                                       |
|------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Applications</b>          | Western Blot, Immunohistochemistry-Paraffin, ELISA, Immunocytochemistry/Immunofluorescence, Immunohistochemistry                                                      |
| <b>Recommended Dilutions</b> | Western Blot 1-2 ug/ml, ELISA 1:100-1:2000, Immunohistochemistry 2.5 ug/ml, Immunocytochemistry/ Immunofluorescence 20 ug/mL, Immunohistochemistry-Paraffin 2.5 ug/ml |

## Images

Western Blot: TMC6 Antibody [NBP1-76892] - Human spleen tissue lysate with TMC6 antibody at (A) 1 and (B) 2 ug/ml.

Immunocytochemistry/ Immunofluorescence: TMC6 Antibody - BSA Free [NBP1-76892] - Immunofluorescence of TMC6 in Human Spleen cells with TMC6 antibody at 20 ug/mL.

Immunohistochemistry: TMC6 Antibody - BSA Free [NBP1-76892] - Immunohistochemistry of TMC6 in human spleen with TMC6 antibody at 2.5 ug/mL.
