

# Product Datasheet

## CIDEA Antibody - BSA Free

### NBP1-76951

Unit Size: 0.1 mg

Store at 4C short term. Aliquot and store at -20C long term. Avoid freeze-thaw cycles.

**NBP1-76951**

CIDEA Antibody - BSA Free

**Product Information**

|                                |                                                                                        |
|--------------------------------|----------------------------------------------------------------------------------------|
| <b>Unit Size</b>               | 0.1 mg                                                                                 |
| <b>Concentration</b>           | 1 mg/ml                                                                                |
| <b>Storage</b>                 | Store at 4C short term. Aliquot and store at -20C long term. Avoid freeze-thaw cycles. |
| <b>Clonality</b>               | Polyclonal                                                                             |
| <b>Preservative</b>            | 0.02% Sodium Azide                                                                     |
| <b>Isotype</b>                 | IgG                                                                                    |
| <b>Purity</b>                  | Peptide affinity purified                                                              |
| <b>Buffer</b>                  | PBS                                                                                    |
| <b>Target Molecular Weight</b> | 23 kDa                                                                                 |

**Product Description**

|                                |                                                                                                                                                                                                              |
|--------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Description</b>             | Novus Biologicals Rabbit CIDEA Antibody - BSA Free (NBP1-76951) is a polyclonal antibody validated for use in IHC, WB, ELISA and ICC/IF. All Novus Biologicals antibodies are covered by our 100% guarantee. |
| <b>Host</b>                    | Rabbit                                                                                                                                                                                                       |
| <b>Gene ID</b>                 | 1149                                                                                                                                                                                                         |
| <b>Gene Symbol</b>             | CIDEA                                                                                                                                                                                                        |
| <b>Species</b>                 | Human                                                                                                                                                                                                        |
| <b>Specificity/Sensitivity</b> | It has no cross activity to CIDE-B.                                                                                                                                                                          |
| <b>Immunogen</b>               | Antibody was raised against a 18 amino acid peptide near the carboxy terminus of human CIDE-A. The immunogen is located within the last 50 amino acids of CIDE-A. Amino Acid Sequence: DDKEERPSLR SQAKGRFT   |

**Product Application Details**

|                              |                                                                                                                                                                 |
|------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Applications</b>          | Western Blot, Immunohistochemistry-Paraffin, ELISA, Immunocytochemistry/Immunofluorescence, Immunohistochemistry                                                |
| <b>Recommended Dilutions</b> | Western Blot 2 ug/ml, ELISA 1:100-1:2000, Immunohistochemistry 5 ug/ml, Immunocytochemistry/ Immunofluorescence 20 ug/ml, Immunohistochemistry-Paraffin 5 ug/ml |
| <b>Application Notes</b>     | An approximately 23 kDa band can be detected in Western Blot.                                                                                                   |

## Images

Western Blot: CIDEA Antibody [NBP1-76951] - Human brain tissue lysate in the absence (A) or presence (B) of peptide (2085P) with CIDE-A antibody at 1:2000 dilution.

Immunocytochemistry/ Immunofluorescence: CIDEA Antibody - BSA Free [NBP1-76951] - Immunofluorescence of CIDEA in Human Brain cells with CIDEA antibody at 20 ug/mL.

Immunohistochemistry: CIDEA Antibody - BSA Free [NBP1-76951] - Immunohistochemistry of CIDEA in human brain tissue with CIDEA antibody at 5 ug/mL.
