FLIP Antibody [Alexa Fluor® 350]

amino terminus of human FLIP. The sequence is identical in all FLIP splice variants. The immunogen is located within the first 50 amino acids of FLIP. Amino Acid Squence: SAEVIHQVEEALDTDEK Notes Alexa Fluor (R) products are provided under an intellectual property license from Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and components of the product only in research conducted by the buyer (whether the buyer is an academic or for-profit entity). The sale of this product is expressly conditioned on the buyer not using the product or its components, or any materials made using the product or its components, in any activity to generate revenue, which may include, but is not limited to use of the product or its components: (i) in manufacturing; (ii) to provide a service, information, or data in return for payment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for		
Please see the vial label for concentration. If unlisted please contact technical services. Storage	Product Information	
Storage Store at 4C in the dark. Clonality Polyclonal Preservative 0.05% Sodium Azide Isotype IgG Conjugate Alexa Fluor 350 Purity Peptide affinity purified Buffer 50mM Sodium Borate Product Description Host Rabbit Gene ID 8837 Gene Symbol CFLAR Species Human, Mouse, Rat Reactivity Notes 0 Specificity/Sensitivity FLIP recognizes all FLIP splice variants including FLIPa, b, and y. Immunogen Antibody was raised against a peptide corresponding to 17 amino acids near the amino terminus of human FLIP. The sequence is identical in all FLIP splice variants. The immunogen is colared within the first 50 amino acids of FLIP. Amino Acid Squence: SAEVIHQVEEALDTDEK Notes Alexa Fluor (R) products are provided under an intellectual property license from Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and components of the product only in research conducted by the buyer (whether the buyer is an academic or for-profit entity). The sale of this product is expressly conditioned on the buyer ont using the product or its components, or any materials made using the product or its components, or any areirals made using the product or its components, or any areirals made using the product or its components, or any materials made using the product or its components, or any enterials made using the product or its components, or any enterials made using the product or its components, or any enterials made using the product or its components, or other than a described above, contact Life Technologies Corporation, 5791 Van Alien Way, Carisbad, CA 92008 USA or outlicensing @lifetech.com. This conjugate is made on demand. Actual recovery may vary from the stated volume of this product. The volume will be greater than or equal to the unit size stated on the datasheet.	Unit Size	0.1 ml
Clonality Polyclonal Preservative 0.05% Sodium Azide Isotype 1gG Conjugate Alexa Fluor 350 Purity Peptide affinity purified Buffer 50mM Sodium Borate Product Description Host Rabbit Gene ID 8837 Gene Symbol CFLAR Species Human, Mouse, Rat Reactivity Notes 0 Specificity/Sensitivity FLIP recognizes all FLIP splice variants including FLIPa, b, and y. Immunogen Antibody was raised against a peptide corresponding to 17 amino acids near the amino terminus of human FLIP. The sequence is identical in all FLIP splice variants. The immunogen is located within the first 50 amino acids of FLIP. Amino Acid Squence: SAEVIHQVEEALDTDEK Notes Alexa Fluor (R) products are provided under an intellectual property license from Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and components of the product only in research conducted by the buyer (whether the buyer is an academic or for-profit entity). The sale of this product is pressely conditioned on the buyer not using the product or its components, or any materials made using the product or its components, or any materials made using the product or its components, or any materials made using the product or its components, or any materials made using the product or its components, or any materials made using the product or its components, or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For information on purchasing a license to this product for purposes of them an as described above, contact Life Technologies Corporation, 5791 Van Allen Way, Carlsbad, CA 92008 USA or outlicensing @lifetech.com. This conjugate is made on demand. Actual recovery may vary from the stated volume of this product. The volume will be greater than or equal to the unit size stated on the datasheet.	Concentration	•
