| Clonality                   | Polyclonal                                                                                                                                                                                                 |
| Preservative                | 0.05% Sodium Azide                                                                                                                                                                                         |
| Isotype                     | IgG                                                                                                                                                                                                        |
| Conjugate                   | DyLight 650                                                                                                                                                                                                |
| Purity                      | Peptide affinity purified                                                                                                                                                                                  |
| Buffer                      | 50mM Sodium Borate                                                                                                                                                                                         |
| Product Description         |                                                                                                                                                                                                            |
| Host                        | Rabbit                                                                                                                                                                                                     |
| Gene ID                     | 56269                                                                                                                                                                                                      |
| Gene Symbol                 | IRGC                                                                                                                                                                                                       |
| Species                     | Human, Mouse, Rat                                                                                                                                                                                          |
| Reactivity Notes            | 0                                                                                                                                                                                                          |
| Specificity/Sensitivity     | Two isoforms of IRGC are known to exist; this antibody will recognize both isoforms.                                                                                                                       |
| Immunogen                   | Antibody was raised against a 12 amino acid synthetic peptide near the carboxy terminus of human IRGC. The immunogen is located within the last 50 amino acids of IRGC. Amino Acid Sequence: CLDSWKKHDSEEK |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                                                                          |
| Product Application Details |                                                                                                                                                                                                            |
| Applications                | Western Blot, ELISA, Immunocytochemistry/Immunofluorescence                                                                                                                                                |
| Recommended Dilutions       | Western Blot, ELISA, Immunocytochemistry/Immunofluorescence                                                                                                                                                |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                     |
