**NBP1-78086V****L-Asparaginase Antibody [DyLight 405]**

| <b>Product Information</b>         |                                                                                                                                           |
|------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Unit Size</b>                   | 0.1 ml                                                                                                                                    |
| <b>Concentration</b>               | Please see the vial label for concentration. If unlisted please contact technical services.                                               |
| <b>Storage</b>                     | Store at 4C in the dark.                                                                                                                  |
| <b>Clonality</b>                   | Polyclonal                                                                                                                                |
| <b>Preservative</b>                | 0.05% Sodium Azide                                                                                                                        |
| <b>Isotype</b>                     | IgG                                                                                                                                       |
| <b>Conjugate</b>                   | DyLight 405                                                                                                                               |
| <b>Purity</b>                      | Multi-step                                                                                                                                |
| <b>Buffer</b>                      | 50mM Sodium Borate                                                                                                                        |
| <b>Product Description</b>         |                                                                                                                                           |
| <b>Host</b>                        | Rabbit                                                                                                                                    |
| <b>Species</b>                     | E. coli                                                                                                                                   |
| <b>Reactivity Notes</b>            | L-Asparaginase. Cross reactivity against Asparaginase from other tissues and species may occur but have not been specifically determined. |
| <b>Immunogen</b>                   | L-L-Asparaginase [E. coli] (Uniprot: P00805)                                                                                              |
| <b>Notes</b>                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                         |
| <b>Product Application Details</b> |                                                                                                                                           |
| <b>Applications</b>                | Western Blot, ELISA, Immunoprecipitation                                                                                                  |
| <b>Recommended Dilutions</b>       | Western Blot, ELISA, Immunoprecipitation                                                                                                  |
| <b>Application Notes</b>           | Optimal dilution of this antibody should be experimentally determined.                                                                    |
