| Purity                      | Immunogen affinity purified                                                                                                                                                                       |
| Buffer                      | PBS (pH 7.2) and 40% Glycerol                                                                                                                                                                     |
| Product Description         |                                                                                                                                                                                                   |
| Description                 | Novus Biologicals Rabbit TIPRL Antibody - BSA Free (NBP1-85169) is a polyclonal antibody validated for use in IHC and ICC/IF. All Novus Biologicals antibodies are covered by our 100% guarantee. |
| Host                        | Rabbit                                                                                                                                                                                            |
| Gene ID                     | 261726                                                                                                                                                                                            |
| Gene Symbol                 | TIPRL                                                                                                                                                                                             |
| Species                     | Human                                                                                                                                                                                             |
| Immunogen                   | This antibody was developed against Recombinant Protein corresponding to amino acids:<br>SHRDFCFGPWKLTASKTHIMKSADVEKLADELHMPSLPEMMFGDNVLRIQHGS<br>GFGIEFNATDALRCVNNYQGMLK                         |
| Product Application Details |                                                                                                                                                                                                   |
| Applications                | Immunohistochemistry-Paraffin, Immunocytochemistry/ Immunofluorescence, Immunohistochemistry                                                                                                      |
| Recommended Dilutions       | Immunohistochemistry 1:20 - 1:50, Immunocytochemistry/ Immunofluorescence 0.25-2 ug/ml, Immunohistochemistry-Paraffin 1:20 - 1:50                                                                 |
| Application Notes           | For IHC-Paraffin, HIER pH 6 retrieval is recommended.<br>Immunocytochemistry/Immunofluorescence Fixation Permeabilization: Use PFA/Triton X-100.                                                  |

## Images

Immunocytochemistry/Immunofluorescence: TIPRL Antibody [NBP1-85169] - Immunofluorescent staining of human cell line A-431 shows localization to vesicles.

Immunohistochemistry-Paraffin: TIPRL Antibody [NBP1-85169] - Staining of human duodenum shows strong nuclear and cytoplasmic positivity in glandular cells.
