**NBP2-12890APC**

MDC1 Antibody (P2B11) [Allophycocyanin]

| Product Information |                                                                                             |
|---------------------|---------------------------------------------------------------------------------------------|
| Unit Size           | 0.1 ml                                                                                      |
| Concentration       | Please see the vial label for concentration. If unlisted please contact technical services. |
| Storage             | Store at 4C in the dark.                                                                    |
| Clonality           | Monoclonal                                                                                  |
| Clone               | P2B11                                                                                       |
| Preservative        | 0.05% Sodium Azide                                                                          |
| Isotype             | IgG1                                                                                        |
| Conjugate           | Allophycocyanin                                                                             |
| Purity              | Protein G purified                                                                          |
| Buffer              | PBS                                                                                         |

| Product Description     |                                                                                                                                                                                       |
|-------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Host                    | Mouse                                                                                                                                                                                 |
| Gene ID                 | 9656                                                                                                                                                                                  |
| Gene Symbol             | MDC1                                                                                                                                                                                  |
| Species                 | Human, Mouse, Bovine, Non-human Primate                                                                                                                                               |
| Reactivity Notes        | Based on homology, It's predicted to detect Human, Bovine and Chimpanzee.                                                                                                             |
| Specificity/Sensitivity | Detects approx 184kDa. This antibody recognizes MDC1 at and around the N-terminus.                                                                                                    |
| Immunogen               | GST-tagged recombinant protein corresponding to mouse MDC1 at and around the N-terminus                                                                                               |
| Notes                   | This conjugate is made on demand. Actual recovery may vary from the stated volume of this product. The volume will be greater than or equal to the unit size stated on the datasheet. |

| Product Application Details |                                                       |
|-----------------------------|-------------------------------------------------------|
| Applications                | Western Blot, Immunocytochemistry/ Immunofluorescence |
| Recommended Dilutions       | Western Blot, Immunocytochemistry/ Immunofluorescence |
