

# Product Datasheet

## ZNF406 Antibody - BSA Free

### NBP2-13542

Unit Size: 0.1 ml

Store at 4C short term. Aliquot and store at -20C long term. Avoid freeze-thaw cycles.

**NBP2-13542**

ZNF406 Antibody - BSA Free

**Product Information**

|                      |                                                                                                                  |
|----------------------|------------------------------------------------------------------------------------------------------------------|
| <b>Unit Size</b>     | 0.1 ml                                                                                                           |
| <b>Concentration</b> | Concentrations vary lot to lot. See vial label for concentration. If unlisted please contact technical services. |
| <b>Storage</b>       | Store at 4C short term. Aliquot and store at -20C long term. Avoid freeze-thaw cycles.                           |
| <b>Clonality</b>     | Polyclonal                                                                                                       |
| <b>Preservative</b>  | 0.02% Sodium Azide                                                                                               |
| <b>Isotype</b>       | IgG                                                                                                              |
| <b>Purity</b>        | Immunogen affinity purified                                                                                      |
| <b>Buffer</b>        | PBS (pH 7.2) and 40% Glycerol                                                                                    |

**Product Description**

|                    |                                                                                                                                                                                         |
|--------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Description</b> | Novus Biologicals Rabbit ZNF406 Antibody - BSA Free (NBP2-13542) is a polyclonal antibody validated for use in IHC. All Novus Biologicals antibodies are covered by our 100% guarantee. |
| <b>Host</b>        | Rabbit                                                                                                                                                                                  |
| <b>Gene ID</b>     | 57623                                                                                                                                                                                   |
| <b>Gene Symbol</b> | ZFAT                                                                                                                                                                                    |
| <b>Species</b>     | Human                                                                                                                                                                                   |
| <b>Immunogen</b>   | This antibody was developed against a recombinant protein corresponding to the amino acids:<br>EPGGDIQQEALGDQLQLVEEEFALQGVNALKEEACPGDTQLEEGRKEPEAPG<br>EMPAPAVHLASPQAESTALPPCELETT      |

**Product Application Details**

|                              |                                                                                                                                              |
|------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Applications</b>          | Immunohistochemistry-Paraffin, Immunohistochemistry, Chromatin Immunoprecipitation-exo-Seq                                                   |
| <b>Recommended Dilutions</b> | Immunohistochemistry 1:500 - 1:1000, Immunohistochemistry-Paraffin 1:500 - 1:1000, Chromatin Immunoprecipitation-exo-Seq 1-10ug per reaction |
| <b>Application Notes</b>     | For IHC-Paraffin, HIER pH 6 retrieval is recommended.                                                                                        |

**Images**

Immunohistochemistry-Paraffin: ZNF406 Antibody [NBP2-13542] - Staining of human prostate shows low expression as expected.

Immunohistochemistry-Paraffin: ZNF406 Antibody [NBP2-13542] - Staining of human placenta shows strong nuclear positivity in trophoblastic cells.

Immunohistochemistry-Paraffin: ZNF406 Antibody [NBP2-13542] - Staining of human placenta shows high expression.

Analysis in human placenta and prostate tissues using Anti-ZFAT antibody. Corresponding ZFAT RNA-seq data are presented for the same tissues.

ChIP-Exo-Seq composite graph for Anti-ZFAT (NBP2-13542) tested in K562 cells. Strand-specific reads (blue: forward, red: reverse) and IgG controls (black: forward, grey: reverse) are plotted against the distance from a composite set of reference binding sites. The antibody exhibits robust target enrichment compared to a non-specific IgG control and precisely reveals its structural organization around the binding site. Data generated by Prof. B. F. Pugh's Lab at Cornell University.
