ARMC6 Antibody - BSA Free

| Product Information |                                                                                                                  |
|---------------------|------------------------------------------------------------------------------------------------------------------|
| Unit Size           | 0.1 ml                                                                                                           |
| Concentration       | Concentrations vary lot to lot. See vial label for concentration. If unlisted please contact technical services. |
| Storage             | Store at 4C short term. Aliquot and store at -20C long term. Avoid freeze-thaw cycles.                           |
| Clonality           | Polyclonal                                                                                                       |
| Preservative        | 0.02% Sodium Azide                                                                                               |
| Isotype             | IgG                                                                                                              |
| Purity              | Affinity purified                                                                                                |
| Buffer              | PBS (pH 7.2) and 40% Glycerol                                                                                    |

| Product Description |                                                                                                                                                                                                       |
|---------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Description         | Novus Biologicals Rabbit ARMC6 Antibody - BSA Free (NBP2-14317) is a polyclonal antibody validated for use in IHC, WB and ICC/IF. All Novus Biologicals antibodies are covered by our 100% guarantee. |
| Host                | Rabbit                                                                                                                                                                                                |
| Gene ID             | 93436                                                                                                                                                                                                 |
| Gene Symbol         | ARMC6                                                                                                                                                                                                 |
| Species             | Human                                                                                                                                                                                                 |
| Immunogen           | This antibody was developed against a recombinant protein corresponding to the amino acids:<br>LSNIVKTAPKVSADGSQEPETHDILQMLSDLQESVASSRPQEVSAYLTRFCDQC<br>KQDKACRFLAAQKGAYPIIFTAWKLATAGDQGLLLQSLNALSVL |

| Product Application Details |                                                                                                                                                                    |
|-----------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Applications                | Western Blot, Immunohistochemistry-Paraffin, Immunocytochemistry/Immunofluorescence, Immunohistochemistry                                                          |
| Recommended Dilutions       | Western Blot 0.04-0.4 ug/ml, Immunohistochemistry 1:200 - 1:500, Immunocytochemistry/ Immunofluorescence 0.25-2 ug/ml, Immunohistochemistry-Paraffin 1:200 - 1:500 |
| Application Notes           | For IHC-Paraffin, HIER pH 6 retrieval is recommended.<br>Immunocytochemistry/Immunofluorescence Fixation Permeabilization: Use PFA/Triton X-100.                   |

## Images

Western Blot: ARMC6 Antibody [NBP2-14317] - Lane 1: Marker [kDa] 250, 130, 95, 72, 55, 36, 28, 17, 10. Lane 2: Human cell line RT-4. Lane 3: Human cell line U-251MG sp

Immunocytochemistry/Immunofluorescence: ARMC6 Antibody [NBP2-14317] - Immunofluorescent staining of human cell line A-431 shows localization to cytosol.

Immunohistochemistry-Paraffin: ARMC6 Antibody [NBP2-14317] - Staining of human oral mucosa shows strong cytoplasmic positivity in squamous epithelial cells.
