

# Product Datasheet

## TRIM41 Antibody NBP2-20717

Unit Size: 0.1 ml

Aliquot and store at -20C or -80C. Avoid freeze-thaw cycles.

**NBP2-20717****TRIM41 Antibody**

| <b>Product Information</b>     |                                                                                                                  |
|--------------------------------|------------------------------------------------------------------------------------------------------------------|
| <b>Unit Size</b>               | 0.1 ml                                                                                                           |
| <b>Concentration</b>           | Concentrations vary lot to lot. See vial label for concentration. If unlisted please contact technical services. |
| <b>Storage</b>                 | Aliquot and store at -20C or -80C. Avoid freeze-thaw cycles.                                                     |
| <b>Clonality</b>               | Polyclonal                                                                                                       |
| <b>Preservative</b>            | 0.01% Thimerosal                                                                                                 |
| <b>Isotype</b>                 | IgG                                                                                                              |
| <b>Purity</b>                  | Antigen Affinity-purified                                                                                        |
| <b>Buffer</b>                  | PBS, 1% BSA, 20% Glycerol                                                                                        |
| <b>Target Molecular Weight</b> | 72 kDa                                                                                                           |

| <b>Product Description</b> |                                                                                                                                                                                        |
|----------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Description</b>         | Novus Biologicals Rabbit TRIM41 Antibody (NBP2-20717) is a polyclonal antibody validated for use in WB and ICC/IF. All Novus Biologicals antibodies are covered by our 100% guarantee. |
| <b>Host</b>                | Rabbit                                                                                                                                                                                 |
| <b>Gene ID</b>             | 90933                                                                                                                                                                                  |
| <b>Gene Symbol</b>         | TRIM41                                                                                                                                                                                 |
| <b>Species</b>             | Human                                                                                                                                                                                  |
| <b>Immunogen</b>           | Recombinant protein encompassing a sequence within the center region of human TRIM41. The exact sequence is proprietary.                                                               |

| <b>Product Application Details</b> |                                                                                 |
|------------------------------------|---------------------------------------------------------------------------------|
| <b>Applications</b>                | Western Blot, Immunocytochemistry/ Immunofluorescence                           |
| <b>Recommended Dilutions</b>       | Western Blot 1:500-1:3000, Immunocytochemistry/ Immunofluorescence 1:100-1:1000 |

**Images**

Various whole cell extracts (30 ug) were separated by 7.5% SDS-PAGE, and the membrane was blotted with TRIM41 antibody (NBP2-20717) diluted at 1:1000. The HRP-conjugated anti-rabbit IgG antibody was used to detect the primary antibody. Corresponding RNA expression data for the same cell lines are based on Human Protein Atlas program.
