ABCC9 Antibody (S319A-14) [DyLight 594]

| Product Information         |                                                                                                                          |
|-----------------------------|--------------------------------------------------------------------------------------------------------------------------|
| Unit Size                   | 0.1 ml                                                                                                                   |
| Concentration               | Please see the vial label for concentration. If unlisted please contact technical services.                              |
| Storage                     | Store at 4C in the dark.                                                                                                 |
| Clonality                   | Monoclonal                                                                                                               |
| Clone                       | S319A-14                                                                                                                 |
| Preservative                | 0.05% Sodium Azide                                                                                                       |
| Isotype                     | IgG2a                                                                                                                    |
| Conjugate                   | DyLight 594                                                                                                              |
| Purity                      | Protein G purified                                                                                                       |
| Buffer                      | 50mM Sodium Borate                                                                                                       |
| Product Description         |                                                                                                                          |
| Host                        | Mouse                                                                                                                    |
| Gene ID                     | 10060                                                                                                                    |
| Gene Symbol                 | ABCC9                                                                                                                    |
| Species                     | Human, Mouse, Rat                                                                                                        |
| Specificity/Sensitivity     | Detects approx 120kDa. Does not cross-react with SUR2B.                                                                  |
| Immunogen                   | Fusion protein amino acids 1505-1546 (SSIVDAGLVLVFSEGILVECDTGPNLLQHKNGLFSTLVMTNK, cytoplasmic C-terminus) of mouse SUR2A |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                        |
| Product Application Details |                                                                                                                          |
| Applications                | Western Blot, Immunocytochemistry/ Immunofluorescence, Immunohistochemistry                                              |
| Recommended Dilutions       | Western Blot, Immunohistochemistry, Immunocytochemistry/ Immunofluorescence                                              |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                   |
