|-------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Description</b>      | Novus Biologicals Rabbit ASAP1 Antibody (NBP2-24643) is a polyclonal antibody validated for use in WB. All Novus Biologicals antibodies are covered by our 100% guarantee. |
| <b>Host</b>             | Rabbit                                                                                                                                                                     |
| <b>Gene ID</b>          | 50807                                                                                                                                                                      |
| <b>Gene Symbol</b>      | ASAP1                                                                                                                                                                      |
| <b>Species</b>          | Mouse, Rat                                                                                                                                                                 |
| <b>Reactivity Notes</b> | Chicken (85%).                                                                                                                                                             |
| <b>Immunogen</b>        | Within the range of amino acids 962-999 of mouse ASAP1 were used as the immunogen.                                                                                         |

**Product Application Details**

|                              |                            |
|------------------------------|----------------------------|
| <b>Applications</b>          | Western Blot               |
| <b>Recommended Dilutions</b> | Western Blot 2.0-3.0 ug/ml |

**Images**

Western Blot: ASAP1 Antibody [NBP2-24643] - Analysis of ASAP1 in mouse brain lysate in the 1) absence and 2) presence of immunizing peptide using NBP2-24643 at 2.0 ug/ml. Goat anti-rabbit Ig HRP secondary antibody and PicoTect ECL substrate solution were used for this test.
