| <b>Product Description</b>         |                                                                                        |
| <b>Host</b>                        | Rabbit                                                                                 |
| <b>Gene ID</b>                     | 1382                                                                                   |
| <b>Gene Symbol</b>                 | CRABP2                                                                                 |
| <b>Species</b>                     | Human, Primate                                                                         |
| <b>Immunogen</b>                   | A portion of amino acids 75-125 of human CRABP2 was used as the immunogen.             |
| <b>Product Application Details</b> |                                                                                        |
| <b>Applications</b>                | Western Blot, Immunohistochemistry, Immunohistochemistry-Paraffin                      |
| <b>Recommended Dilutions</b>       | Western Blot 0.5-2 ug/ml, Immunohistochemistry, Immunohistochemistry-Paraffin 5 ug/ml  |

## Images

Western Blot: CRABP2 Antibody [NBP2-24764] - Analysis in HCT116 cell lysate in the 1) absence and 2) presence of immunizing peptide. Dilution: 1.0 ug/ml.

Immunohistochemistry-Paraffin: CRABP2 Antibody [NBP2-24764] - Staining of human liver tissue using an isotype control (left) and this antibody (right) at 5 ug/ml.
