TLR3 Antibody (27N3D4) [Alexa Fluor® 488]

Storage Store at 4C in the dark.  Clonality Monoclonal  Clone 27N3D4  Preservative 0.05% Sodium Azide  Isotype IgG2b Kappa  Conjugate Alexa Fluor 488  Purity Protein G purified  Buffer 50mM Sodium Borate  Product Description  Host Rat  Gene ID 7098  Gene Symbol TLR3  Species Human, Mouse  Immunogen A portion of amino acids 350-375 of mouse TLR3 was used as the for this antibody.  Notes Alexa Fluor (R) products are provided under an intellectual property. Life Technologies Corporation. The purchase of this product conver buyer the non-transferable right to use the purchased product and of the product only in research conducted by the buyer (whether the academic or for-profit entity). The sale of this product conver the buyer not using the product or its components, or any materials the product or its components, or any materials the product or its components, in any activity to generate revenue, include, but is not limited to use of the product or its components, or any materials the product or its components, in any activity to generate revenue, include, but is not limited to use of the product or its components, or any materials the product or its components, in any activity to generate revenue, include, but is not limited to use of the product or its components, or any materials the product or its components, in any activity to generate revenue, include, but is not limited to use of the product or its components or resale, regardless of whether they are resold for use in research. For on purchasing a license to this product for purposes other than as a above, contact Life Technologies Corporation, 5791 Van Allen Way CA 92008 USA or outlicensing@lifetech.com. This conjugate is mademand. Actual recovery may vary from the stated volume of this p	TLR3 Antibody (27N3D4) [Alexa Fluor® 488]

Life Technologies Corporation. The purchase of this product converse buyer the non-transferable right to use the purchased product and of the product only in research conducted by the buyer (whether the academic or for-profit entity). The sale of this product is expressly of the buyer not using the product or its components, or any materials the product or its components, in any activity to generate revenue, include, but is not limited to use of the product or its components: (if manufacturing; (ii) to provide a service, information, or data in return payment; (iii) for therapeutic, diagnostic or prophylactic purposes; or resale, regardless of whether they are resold for use in research. For on purchasing a license to this product for purposes other than as a above, contact Life Technologies Corporation, 5791 Van Allen Way CA 92008 USA or outlicensing@lifetech.com. This conjugate is mademand. Actual recovery may vary from the stated volume of this product.		A portion of amino acids 350-375 of mouse TLR3 was used as the immunogen or this antibody.	
	L b o a th th ir m p re o a	Alexa Fluor (R) products are provided under an intellectual property license from Life Technologies Corporation. The purchase of this product conveys to the puyer the non-transferable right to use the purchased product and components of the product only in research conducted by the buyer (whether the buyer is an academic or for-profit entity). The sale of this product is expressly conditioned on the buyer not using the product or its components, or any materials made using the product or its components, in any activity to generate revenue, which may include, but is not limited to use of the product or its components: (i) in manufacturing; (ii) to provide a service, information, or data in return for payment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For information on purchasing a license to this product for purposes other than as described above, contact Life Technologies Corporation, 5791 Van Allen Way, Carlsbad, CA 92008 USA or outlicensing@lifetech.com. This conjugate is made on demand. Actual recovery may vary from the stated volume of this product. The volume will be greater than or equal to the unit size stated on the datasheet.	

<b>Product Application Details</b>	
Applications	Western Blot, Flow Cytometry, CyTOF-ready
Recommended Dilutions	Western Blot, Flow Cytometry, CyTOF-ready
Application Notes	Optimal dilution of this antibody should be experimentally determined.
