## NUP133 Antibody - BSA Free

### NBP2-31795

Unit Size: 0.1 ml

Store at 4C short term. Aliquot and store at -20C long term. Avoid freeze-thaw cycles.

| Clonality                   | Polyclonal                                                                                                                                                                                                                           |
| Preservative                | 0.02% Sodium Azide                                                                                                                                                                                                                   |
| Isotype                     | IgG                                                                                                                                                                                                                                  |
| Purity                      | Immunogen affinity purified                                                                                                                                                                                                          |
| Buffer                      | PBS (pH 7.2) and 40% Glycerol                                                                                                                                                                                                        |
| Product Description         |                                                                                                                                                                                                                                      |
| Description                 | Novus Biologicals Rabbit NUP133 Antibody - BSA Free (NBP2-31795) is a polyclonal antibody validated for use in IHC, WB and ICC/IF. All Novus Biologicals antibodies are covered by our 100% guarantee.                               |
| Host                        | Rabbit                                                                                                                                                                                                                               |
| Gene ID                     | 55746                                                                                                                                                                                                                                |
| Gene Symbol                 | NUP133                                                                                                                                                                                                                               |
| Species                     | Human                                                                                                                                                                                                                                |
| Reactivity Notes            | Immunogen displays the following percentage of sequence identity for non-tested species: Mouse (84%), Rat (83%)                                                                                                                      |
| Immunogen                   | This antibody was developed against a recombinant protein corresponding to amino acids:<br>VTQISVDLMDDYPASDPRWAESVP EEPAGFSNTSLIILHQLEDKMKAH SFLMDF<br>IHQVGLFGRLGSFPVRGTPMATRLLLCEHA EKLSAAIVLKNHHSRLSDLVNTAILI<br>ALNKREYEIPSNLTPA |
| Product Application Details |                                                                                                                                                                                                                                      |
| Applications                | Western Blot, Immunohistochemistry-Paraffin, Immunocytochemistry/Immunofluorescence, Immunohistochemistry                                                                                                                            |
| Recommended Dilutions       | Western Blot 0.04-0.4 ug/ml, Immunohistochemistry 1:20 - 1:50, Immunocytochemistry/ Immunofluorescence 0.25-2 ug/ml, Immunohistochemistry-Paraffin 1:20 - 1:50                                                                       |
| Application Notes           | For IHC-Paraffin, HIER pH 6 retrieval is recommended. ICC/IF Fixation Permeabilization: Use PFA/Triton X-100.                                                                                                                        |

## Images

Western Blot: NUP133 Antibody [NBP2-31795] - Analysis in human cell line RT-4 and human cell line U-251 MG.

Immunocytochemistry/Immunofluorescence: NUP133 Antibody [NBP2-31795] - Staining of human cell line RH-30 shows localization to nuclear membrane.

Immunohistochemistry-Paraffin: NUP133 Antibody [NBP2-31795] - Staining of human cerebellum shows strong nuclear membranous positivity in Purkinje cells.
