#### NBP2-34420MFV500

| CD44 Antibody (SPM544) [mFluor Violet 500 SE] |  |
|---|--|
| Product Information                           |  |
| Unit Size                                     | 0.1 ml   |
| Concentration                                 | Please see the vial label for concentration. If unlisted please contact technical services.  |
| Storage                                       | Store at 4C in the dark.   |
| Clonality                                     | Monoclonal   |
| Clone   | SPM544   |
| Preservative                                  | 0.05% Sodium Azide   |
| Isotype                                       | IgG2a Kappa  |
| Conjugate                                     | mFluor Violet 500 SE   |
| Purity  | Protein A or G purified  |
| Buffer  | 50mM Sodium Borate   |
| Product Description                           |  |
| Host  | Mouse  |
| Gene ID                                       | 960  |
| Gene Symbol                                   | CD44   |
| Species                                       | Human, Monkey, Baboon  |
| Reactivity Notes                              | Green Monkey   |
| Specificity/Sensitivity                       | Recognizes a cell surface glycoprotein of 80-95kDa (CD44) on lymphocytes, monocytes, and granulocytes (Leucocyte Typing Workshop V). Its epitope is resistant to digestion by trypsin and chymotrypsin. This monoclonal antibody selectively interferes with lymphocyte binding to lymph node, mucosal and synovial endothelium. The CD44 family of glycoproteins exists in a number of variant isoforms, the most common being the standard 85-95kDa or hematopoietic variant (CD44s). Higher molecular weight isoforms are described in epithelial cells (CD44v), which are believed to function in intercellular adhesion and stromal binding. CD44 immunostaining is commonly used for the discrimination of urothelial transitional cell carcinoma in-situ from non-neoplastic changes in the urothelium. |
| Immunogen                                     | Stimulated human leukocytes  |
| Notes   | mFluor(TM) is a trademark of AAT Bioquest, Inc. This conjugate is made on demand. Actual recovery may vary from the stated volume of this product. The volume will be greater than or equal to the unit size stated on the datasheet.  |
| Product Application Details                   |  |
| Applications                                  | Western Blot, Immunohistochemistry-Paraffin, Immunocytochemistry/<br>Immunofluorescence, Immunohistochemistry, CyTOF-ready   |
| Recommended Dilutions                         | Western Blot, Immunohistochemistry, Immunocytochemistry/<br>Immunofluorescence, Immunohistochemistry-Paraffin, CyTOF-ready   |

Optimal dilution of this antibody should be experimentally determined.
