## NBP2-34504AF647

Fibronectin Antibody (TV-1) [Alexa Fluor® 647]

Unit Size 0.1 ml  Concentration Please see the vial label for concentration. If unlisted please contact technical services.  Storage Store at 4C in the dark.  Clonality Monoclonal  Clone TV-1  Preservative 0.05% Sodium Azide Isotype IgC1 Kappa  Conjugate Alexa Fluor 647  Purity Protein A or G purified Buffer 50mM Sodium Borate  Product Description  Host Mouse  Gene ID 2335  Gene Symbol FNI  Species Human, Mouse, Rat, Porcine  Specificity/Sensitivity Fibronectin is a soluble dimeric glycoprotein of 440kDa, which is present in cells, extracellular matrix, and blood. This monoclonal antibody reacts with the cellular as well as plasma form of fibronectin. Reportedly, after iv administration, this monoclonal antibody is not accessible in normal itsusues to the circulating monoclonal antibody is not accessible in normal itsusues to the circulating monoclonal antibody indicating that it can be used to specifically target tumor vessels in vivo. TV-1 is reportedly useful for delivering vasoactive agents to tumors to induce increased vascular permeability or blood flow prior to treatment with chemotherapeutic drugs or monoclonal antibody.  Immunogen T-cell lymphoma biopsy  Notes Alexa Fluor (R) products are provided under an intellectual property license from Life Technologies Corporation. The purchased product and components of the product or its components, or any materials made using the product or its components, or any materials made using the product or its components, or any materials made using the product or its components, or any materials made using the product or its components, or any materials made using the product or its components, or any materials made using the product or its components, or any materials made using the product or its components, or any materials made using the product or its components, or any materials made using the product or its components, or any materials made using the product or its components, or any materials made using the product or its components, or any materials made usi	Tibroficetiff Artibody (1 v-1)	[Alcka Fidol © 047]
