| Product Description         |                                                                                                                                                                                                   |
| Description                 | Novus Biologicals Rabbit IRAK2 Antibody - BSA Free (NBP2-38629) is a polyclonal antibody validated for use in IHC and ICC/IF. All Novus Biologicals antibodies are covered by our 100% guarantee. |
| Host                        | Rabbit                                                                                                                                                                                            |
| Gene ID                     | 3656                                                                                                                                                                                              |
| Gene Symbol                 | IRAK2                                                                                                                                                                                             |
| Species                     | Human                                                                                                                                                                                             |
| Immunogen                   | This antibody was developed against a recombinant protein corresponding to amino acids:<br>AFLQPPEEDAPHSLRSDLPTSSDSKDFSTSIPKQEKLLSLAGDSLFWSEADVQ<br>ATDDFNQNRKISQGTADVYRGHRHGKPFVFKKL             |
| Product Application Details |                                                                                                                                                                                                   |
| Applications                | Immunohistochemistry-Paraffin, Immunocytochemistry/ Immunofluorescence, Immunohistochemistry                                                                                                      |
| Recommended Dilutions       | Immunohistochemistry 1:50 - 1:200, Immunocytochemistry/ Immunofluorescence 0.25-2 ug/ml, Immunohistochemistry-Paraffin 1:50 - 1:200                                                               |
| Application Notes           | For IHC-Paraffin, HIER pH 6 retrieval is recommended.<br>Immunocytochemistry/Immunofluorescence Fixation Permeabilization: Use PFA/Triton X-100.                                                  |

## Images

Immunocytochemistry/Immunofluorescence: IRAK2 Antibody [NBP2-38629] - Staining of human cell line U-2 OS shows localization to vesicles.

Immunohistochemistry: IRAK2 Antibody [NBP2-38629] - Staining of human kidney shows moderate cytoplasmic positivity in cells in tubules.
