### NBP2-41083AF647

RGPD5 Antibody [Alexa Fluor® 647]

Unit Size 0.1 ml  Concentration Please see the vial label for concentration. If unlisted please contact technical services.  Storage Store at 4C in the dark.  Clonality Polyclonal  Preservative 0.05% Sodium Azide  Isotype IgG  Conjugate Alexa Fluor 647  Purity Peptide affinity purified  Buffer 50mM Sodium Borate  Product Description  Host Rabbit  Gene ID 84220  Gene Symbol RGPD5  Species Human  Reactivity Notes 0  Immunogen Antibody was raised against a 13 amino acid synthetic peptide from near the amino terminus of human RGPD5. The immunogen is located within amino acids 50 - 100 of RGPD5. Amino Acid Squence: LYELEENTEKAVE  Notes  Alexa Fluor (R) products are provided under an intellectual property license from Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and components of the product of his components, or any materials made using the product of its components, or any materials made using the product of its components, or any materials made using the product of its components, or any materials made using the product of its components, in any activity to generate revenue, which may include, but is not limited to use of the product or its components: (i) in manufacturing; (ii) to provide a service, information, or data in return for payment, (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For information on purchasing a license to this product for purposes of they manufacturing, (ii) to provide a service, information, of 941 and 1042 and 1042 above, contact Life Technologies Corporation, 5791 Van Hway, Carlsbad, CA 92008 USA or outilicensing@lifetech.com. This conjugate is made on demand. Actual recovery may vary from the stated volume of this product. The volume will be greater than or equal to the unit size stated on the datasheet.	RGPD5 Antibody [Alexa Fluor® 647]		
Concentration  Please see the vial label for concentration. If unlisted please contact technical services.  Storage  Store at 4C in the dark.  Clonality  Polyclonal  Preservative  0.05% Sodium Azide  Isotype  IgG  Conjugate  Alexa Fluor 647  Purity  Peptide affinity purified  Buffer  50mM Sodium Borate  Product Description  Host  Rabbit  Gene ID  84220  Gene Symbol  RGPD5  Species  Human  Reactivity Notes  Immunogen  Antibody was raised against a 13 amino acid synthetic peptide from near the amino terminus of human RGPD5. The immunogen is located within amino acids 50 - 100 of RGPD5. Amino Acid Squence: LYELEENTEKAVE  Notes  Alexa Fluor (R) products are provided under an intellectual property license from Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and components of the product only in research conducted by the buyer (whether the buyer is an academic or for-profit entity). The sale of this product is expressly conditioned on the buyer not using the product or its components, or any materials made using the product or its components, or any materials made using the product or its components; (i) in manufacturing; (ii) to provide a service, information, or data in return for payment; (iii) to therapeuic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For information on purchasing a license to this product for purposes other than as described above, contact Life Technologies Corporation, 5791 Van Allen Way, Carisbad, CA 92008 USA or outlicensing@lifetech.com. This conjugate is made on demand. Actual recovery may vary from the stated volume of this product. The volume will be greater than or equal to the unit size stated on the datasheet.
