# NBP2-41185JF646

Angiogenin Antibody [Janelia Fluor® 646]

| Anglogenin Antibody [Janelia Fluor® 646] |   |
|--|---|
| Product Information                      |   |
| Unit Size                                | 0.1 ml  |
| Concentration                            | Please see the vial label for concentration. If unlisted please contact technical services.   |
| Storage                                  | Store at 4C in the dark.  |
| Clonality                                | Polyclonal  |
| Preservative                             | 0.05% Sodium Azide  |
| Isotype                                  | IgG   |
| Conjugate                                | Janelia Fluor 646   |
| Purity                                   | Peptide affinity purified   |
| Buffer                                   | 50mM Sodium Borate  |
| Product Description                      |   |
| Host                                     | Rabbit  |
| Gene ID                                  | 283   |
| Gene Symbol                              | ANG   |
| Species                                  | Human, Mouse, Rat   |
| Reactivity Notes                         | 0   |
| Specificity/Sensitivity                  | Two alternatively spliced transcript variants have been observed.   |
| Immunogen                                | Antibody was raised against a 15 amino acid synthetic peptide near the center of human ANG. The immunogen is located within amino acids 70 - 120 of ANG. Amino Acid Squence: NKNGNPHRENLRISKS |
| Notes                                    | Sold under license from the Howard Hughes Medical Institute, Janelia Research Campus.   |
| Product Application Details              |   |
| Applications                             | Western Blot, ELISA, Immunocytochemistry/Immunofluorescence, Immunohistochemistry   |
| Recommended Dilutions                    | Western Blot, ELISA, Immunohistochemistry, Immunocytochemistry/Immunofluorescence   |
| Application Notes                        | Optimal dilution of this antibody should be experimentally determined.  |
|  |   |
