| Clonality                   | Polyclonal                                                                                                                                                                                               |
| Preservative                | 0.05% Sodium Azide                                                                                                                                                                                       |
| Isotype                     | IgG                                                                                                                                                                                                      |
| Conjugate                   | Allophycocyanin                                                                                                                                                                                          |
| Purity                      | Peptide affinity purified                                                                                                                                                                                |
| Buffer                      | PBS                                                                                                                                                                                                      |
| Product Description         |                                                                                                                                                                                                          |
| Host                        | Rabbit                                                                                                                                                                                                   |
| Gene ID                     | 30009                                                                                                                                                                                                    |
| Gene Symbol                 | TBX21                                                                                                                                                                                                    |
| Species                     | Human, Mouse                                                                                                                                                                                             |
| Immunogen                   | Antibody was raised against a 19 amino acid peptide near the carboxy terminus of human TBX2. The immunogen is located within the last 50 amino acids of TBX21 . Amino Acid Sequence: APSPFDKEAEGQFYNYFPN |
| Product Application Details |                                                                                                                                                                                                          |
| Applications                | Western Blot, ELISA, Immunocytochemistry/ Immunofluorescence                                                                                                                                             |
| Recommended Dilutions       | Western Blot, ELISA, Immunocytochemistry/ Immunofluorescence                                                                                                                                             |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                   |
