### NBP2-47942AF647

Cytokeratin 7 Antibody (KRT7/760 + KRT7/903) [Alexa Fluor® 647]

| Product Information         |  |
|-----------------------------|--|
| Unit Size                   | 0.1 ml   |
| Concentration               | Please see the vial label for concentration. If unlisted please contact technical services.  |
| Storage                     | Store at 4C in the dark.   |
| Clonality                   | Monoclonal   |
| Clone                       | KRT7/760 + KRT7/903  |
| Preservative                | 0.05% Sodium Azide   |
| Isotype                     | IgG1 Kappa/IgG1 Kappa  |
| Conjugate                   | Alexa Fluor 647  |
| Purity                      | Protein A or G purified  |
| Buffer                      | 50mM Sodium Borate   |
| Product Description         |  |
| Host                        | Mouse  |
| Gene ID                     | 3855   |
| Gene Symbol                 | KRT7   |
| Species                     | Human  |
| Marker                      | Glandular and Transitional Epithelial Marker   |
| Specificity/Sensitivity     | It recognizes an intermediate filament protein (IFP) of 55kDa, which is identified<br>as cytokeratin 7. This monoclonal antibody is highly specific to cytokeratin 7 and<br>shows no cross-reaction with other IFPs. Cytokeratin 7 is a basic cytokeratin,<br>which is found in most glandular and transitional epithelia but not in the stratified<br>squamous epithelia. Keratin 7 is expressed in the epithelial cells of ovary, lung,<br>and breast but not of colon, prostate, or gastrointestinal tract. This monoclonal<br>antibody is highly useful in distinguishing ovarian carcinomas (keratin 7+) from<br>colon carcinomas (keratin 7-). |
| Immunogen                   | Recombinant full-length human Cytokeratin 7 protein (Uniprot: P08729)  |
| Product Application Details |  |
| Applications                | Western Blot, Flow Cytometry, Immunocytochemistry/ Immunofluorescence,<br>Immunohistochemistry, Immunohistochemistry-Paraffin, CyTOF-ready,<br>Immunofluorescence  |
| Recommended Dilutions       | Western Blot, Flow Cytometry, Immunohistochemistry, Immunocytochemistry/<br>Immunofluorescence, Immunohistochemistry-Paraffin, Immunofluorescence,<br>CyTOF-ready  |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.   |
|                             |  |
