ROS Antibody (7-2B) [DyLight 594]

| Product Information         |                                                                                                                                              |
|-----------------------------|----------------------------------------------------------------------------------------------------------------------------------------------|
| Unit Size                   | 0.1 ml                                                                                                                                       |
| Concentration               | Please see the vial label for concentration. If unlisted please contact technical services.                                                  |
| Storage                     | Store at 4C in the dark.                                                                                                                     |
| Clonality                   | Monoclonal                                                                                                                                   |
| Clone                       | 7-2B                                                                                                                                         |
| Preservative                | 0.05% Sodium Azide                                                                                                                           |
| Isotype                     | IgG1                                                                                                                                         |
| Conjugate                   | DyLight 594                                                                                                                                  |
| Purity                      | Protein A purified                                                                                                                           |
| Buffer                      | 50mM Sodium Borate                                                                                                                           |
| Product Description         |                                                                                                                                              |
| Host                        | Mouse                                                                                                                                        |
| Gene ID                     | 6098                                                                                                                                         |
| Gene Symbol                 | ROS1                                                                                                                                         |
| Species                     | Human                                                                                                                                        |
| Immunogen                   | Extracellular portion of ROS amino acid 1-285 fused to Fc, transiently expressed in 293 cells and purified using PtnA column chromatography. |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                            |
| Product Application Details |                                                                                                                                              |
| Applications                | Western Blot, Functional, Immunocytochemistry/ Immunofluorescence, Immunoprecipitation                                                       |
| Recommended Dilutions       | Western Blot, Immunocytochemistry/ Immunofluorescence, Immunoprecipitation, Functional                                                       |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                       |
