Testosterone Antibody (3T16) [DyLight 594]

| restosterone Antibody (31 16) [DyLight 594] |   |
|---|---|
| Product Information                         |   |
| Unit Size                                   | 0.1 ml  |
| Concentration                               | Please see the vial label for concentration. If unlisted please contact technical services. |
| Storage                                     | Store at 4C in the dark.  |
| Clonality                                   | Monoclonal  |
| Clone                                       | 3T16  |
| Preservative                                | 0.05% Sodium Azide  |
| Isotype                                     | IgG1  |
| Conjugate                                   | DyLight 594   |
| Purity                                      | Protein A purified  |
| Buffer                                      | 50mM Sodium Borate  |
| Product Description                         |   |
| Host  | Mouse   |
| Species                                     | Non-species specific  |
| Immunogen                                   | Testosterone-3-(O-carboxymethyl)oxime coupled to bovine serum albumin                       |
| Notes                                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.           |
| Product Application Details                 |   |
| Applications                                | ELISA, Radioimmunoassay   |
| Recommended Dilutions                       | ELISA, Radioimmunoassay   |
| Application Notes                           | Optimal dilution of this antibody should be experimentally determined.                      |
