**NBP2-52692R**

hapten 4-hydroxy-3-nitrophenyl acetyl (NP) Antibody (B1-8) [DyLight 550]

| Product Information |                                                                                             |
|---------------------|---------------------------------------------------------------------------------------------|
| Unit Size           | 0.1 ml                                                                                      |
| Concentration       | Please see the vial label for concentration. If unlisted please contact technical services. |
| Storage             | Store at 4C in the dark.                                                                    |
| Clonality           | Monoclonal                                                                                  |
| Clone               | B1-8                                                                                        |
| Preservative        | 0.05% Sodium Azide                                                                          |
| Isotype             | IgG1 Lambda                                                                                 |
| Conjugate           | DyLight 550                                                                                 |
| Purity              | Protein A purified                                                                          |
| Buffer              | 50mM Sodium Borate                                                                          |

| Product Description     |                                                                                   |
|-------------------------|-----------------------------------------------------------------------------------|
| Host                    | Mouse                                                                             |
| Species                 | Non-species specific                                                              |
| Reactivity Notes        | NA                                                                                |
| Specificity/Sensitivity | Hapten (4-hydroxy-3-nitrophenyl) acetyl (NP).                                     |
| Immunogen               | hapten-protein conjugated NP12-chicken gammaglobulin (CG).                        |
| Notes                   | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries. |

| Product Application Details |                                                                        |
|-----------------------------|------------------------------------------------------------------------|
| Applications                | Western Blot, Flow Cytometry, Control, CyTOF-ready                     |
| Recommended Dilutions       | Western Blot, Flow Cytometry, Control, CyTOF-ready                     |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined. |
