Product Description Host Rabbit Gene ID 5133 Gene Symbol PDCD1 Species Human Immunogen Recombinant human full-length PD-1 protein (Uniprot: Q15116) Notes Alexa Fluor (R) products are provided under an intellectual property license for Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and componen of the product only in research conducted by the buyer (whether the buyer is academic or for-profit entity). The sale of this product is expressly conditioned the buyer not using the product or its components, or any materials made usi the product or its components, in any activity to generate revenue, which may include, but is not limited to use of the product or its components: (i) in manufacturing; (ii) to provide a service, information, or data in return for payment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For informa on purchasing a license to this product for purposes other than as described above, contact Life Technologies Corporation, 5791 Van Allen Way, Carlsbac CA 92008 USA or outlicensing@lifetech.com. This conjugate is made on demand. Actual recovery may vary from the stated volume of this product. The	Conjugate	Alexa Fluor 594	
Product Description Host Rabbit Gene ID 5133 Gene Symbol PDCD1 Species Human Immunogen Recombinant human full-length PD-1 protein (Uniprot: Q15116) Notes Alexa Fluor (R) products are provided under an intellectual property license fr Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and componen of the product only in research conducted by the buyer (whether the buyer is academic or for-profit entity). The sale of this product is expressly conditioned the buyer not using the product or its components, or any materials made usi the product or its components, in any activity to generate revenue, which may include, but is not limited to use of the product or its components: (i) in manufacturing; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For informa on purchasing a license to this product for purposes other than as described above, contact Life Technologies Corporation, 5791 Van Allen Way, Carlsbac CA 92008 USA or outlicensing@lifetech.com. This conjugate is made on demand. Actual recovery may vary from the stated volume of this product. The	Purity	Protein A or G purified	
Rabbit Gene ID 5133 Gene Symbol PDCD1 Species Human Recombinant human full-length PD-1 protein (Uniprot: Q15116) Notes Alexa Fluor (R) products are provided under an intellectual property license fr Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and componen of the product only in research conducted by the buyer (whether the buyer is academic or for-profit entity). The sale of this product is expressly conditioned the buyer not using the product or its components, or any materials made usi the product or its components, in any activity to generate revenue, which may include, but is not limited to use of the product or its components: (i) in manufacturing; (ii) to provide a service, information, or data in return for payment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For informa on purchasing a license to this product for purposes other than as described above, contact Life Technologies Corporation, 5791 Van Allen Way, Carlsbac CA 92008 USA or outlicensing@lifetech.com. This conjugate is made on demand. Actual recovery may vary from the stated volume of this product. The	Buffer	50mM Sodium Borate	
Gene Symbol PDCD1 Species Human Recombinant human full-length PD-1 protein (Uniprot: Q15116) Notes Alexa Fluor (R) products are provided under an intellectual property license fr Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and componen of the product only in research conducted by the buyer (whether the buyer is academic or for-profit entity). The sale of this product is expressly conditioned the buyer not using the product or its components, or any materials made usi the product or its components, in any activity to generate revenue, which may include, but is not limited to use of the product or its components: (i) in manufacturing; (ii) to provide a service, information, or data in return for payment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For informa on purchasing a license to this product for purposes other than as described above, contact Life Technologies Corporation, 5791 Van Allen Way, Carlsbac CA 92008 USA or outlicensing@lifetech.com. This conjugate is made on demand. Actual recovery may vary from the stated volume of this product. The	Product Description		
Gene Symbol PDCD1 Species Human Recombinant human full-length PD-1 protein (Uniprot: Q15116) Notes Alexa Fluor (R) products are provided under an intellectual property license fr Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and componen of the product only in research conducted by the buyer (whether the buyer is academic or for-profit entity). The sale of this product is expressly conditioned the buyer not using the product or its components, or any materials made usi the product or its components, in any activity to generate revenue, which may include, but is not limited to use of the product or its components: (i) in manufacturing; (ii) to provide a service, information, or data in return for payment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For informa on purchasing a license to this product for purposes other than as described above, contact Life Technologies Corporation, 5791 Van Allen Way, Carlsbac CA 92008 USA or outlicensing@lifetech.com. This conjugate is made on demand. Actual recovery may vary from the stated volume of this product. The	Host	Rabbit	
Immunogen Recombinant human full-length PD-1 protein (Uniprot: Q15116) Notes Alexa Fluor (R) products are provided under an intellectual property license fr Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and componen of the product only in research conducted by the buyer (whether the buyer is academic or for-profit entity). The sale of this product is expressly conditioned the buyer not using the product or its components, or any materials made usi the product or its components, in any activity to generate revenue, which may include, but is not limited to use of the product or its components: (i) in manufacturing; (ii) to provide a service, information, or data in return for payment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For informa on purchasing a license to this product for purposes other than as described above, contact Life Technologies Corporation, 5791 Van Allen Way, Carlsbac CA 92008 USA or outlicensing@lifetech.com. This conjugate is made on demand. Actual recovery may vary from the stated volume of this product. The	Gene ID	5133	
Immunogen Recombinant human full-length PD-1 protein (Uniprot: Q15116) Notes Alexa Fluor (R) products are provided under an intellectual property license fr Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and componen of the product only in research conducted by the buyer (whether the buyer is academic or for-profit entity). The sale of this product is expressly conditioned the buyer not using the product or its components, or any materials made usi the product or its components, in any activity to generate revenue, which may include, but is not limited to use of the product or its components: (i) in manufacturing; (ii) to provide a service, information, or data in return for payment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For informa on purchasing a license to this product for purposes other than as described above, contact Life Technologies Corporation, 5791 Van Allen Way, Carlsbac CA 92008 USA or outlicensing@lifetech.com. This conjugate is made on demand. Actual recovery may vary from the stated volume of this product. The	Gene Symbol	PDCD1	
Alexa Fluor (R) products are provided under an intellectual property license fr Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and componen of the product only in research conducted by the buyer (whether the buyer is academic or for-profit entity). The sale of this product is expressly conditioned the buyer not using the product or its components, or any materials made usi the product or its components, in any activity to generate revenue, which may include, but is not limited to use of the product or its components: (i) in manufacturing; (ii) to provide a service, information, or data in return for payment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For informa on purchasing a license to this product for purposes other than as described above, contact Life Technologies Corporation, 5791 Van Allen Way, Carlsbac CA 92008 USA or outlicensing@lifetech.com. This conjugate is made on demand. Actual recovery may vary from the stated volume of this product. The	Species	Human	
Alexa Fluor (R) products are provided under an intellectual property license fr Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and componen of the product only in research conducted by the buyer (whether the buyer is academic or for-profit entity). The sale of this product is expressly conditioned the buyer not using the product or its components, or any materials made usi the product or its components, in any activity to generate revenue, which may include, but is not limited to use of the product or its components: (i) in manufacturing; (ii) to provide a service, information, or data in return for payment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For informa on purchasing a license to this product for purposes other than as described above, contact Life Technologies Corporation, 5791 Van Allen Way, Carlsbac CA 92008 USA or outlicensing@lifetech.com. This conjugate is made on demand. Actual recovery may vary from the stated volume of this product. The	Immunogen	Recombinant human full-length PD-1 protein (Uniprot: Q15116)	
	Notes	buyer the non-transferable right to use the purchased product and components of the product only in research conducted by the buyer (whether the buyer is an academic or for-profit entity).
