#### NBP2-55342PEP

PRDM14 Recombinant Protein Antigen

Product Information         Unit Size         100 ul           Concentration         Please see the vial label for concentration. If unlisted please contact technical services.           Storage         Store at -20C. Avoid freeze-thaw cycles.           Preservative         No Preservative           Purity         >80% by SDS-PAGE and Coomassie blue staining           Buffer         PBS and 1M Urea, pH 7.4.           Target Molecular Weight         27 kba           Product Description         A recombinant protein antigen with a N-terminal His6-ABP tag corresponding to human PRDM14.           Source: <i>E. coli</i> Amino Acid Sequence: CYPPESSPOILAAYYTPPESYGHYRNSLATVEEDFQPFRQLEAAASAAPAMPP FPFRMAPPLLSPGLGLQREPLYDLPWYS           Fusion Tag: N-terminal His6ABP (ABP = Albumin Binding Protein derived from Streptococcal Protein G)         This product for commercial support if you have any questions.           Gene ID         63978         Gene Symbol         PRDM14           Species         Human         Product Application Details         Antibody Competition Recenses           Application Notes         This recombinant antigen is only intended to be used as a blocking antigen at blocking antigen is done at the risk of the user.           Product Application Details         Antibody Competition         Recommended Dilutions           Antibody Competition         Recommended Dilutions         Antibody Specificity with the corresponding ant
