| Buffer                      | PBS (pH 7.2) and 40% Glycerol                                                                                                                                                                                 |
| Product Description         |                                                                                                                                                                                                               |
| Description                 | Novus Biologicals Rabbit SKAR Antibody - BSA Free (NBP2-58732) is a polyclonal antibody validated for use in IHC and ICC/IF. All Novus Biologicals antibodies are covered by our 100% guarantee.              |
| Host                        | Rabbit                                                                                                                                                                                                        |
| Gene ID                     | 84271                                                                                                                                                                                                         |
| Gene Symbol                 | POLDIP3                                                                                                                                                                                                       |
| Species                     | Human                                                                                                                                                                                                         |
| Immunogen                   | This antibody was developed against a recombinant protein corresponding to the following amino acid sequence:<br>YKKYNNRCLDGQPMKCNLHMNGNVITSDQPILLRLSDSPSMKKESELPRRVNS<br>ASSSNPPAEVDPDTILKALFKSSGASVTTQPTEFK |
| Product Application Details |                                                                                                                                                                                                               |
| Applications                | Immunohistochemistry-Paraffin, Immunocytochemistry/ Immunofluorescence, Immunohistochemistry                                                                                                                  |
| Recommended Dilutions       | Immunohistochemistry 1:1000 - 1:2500, Immunocytochemistry/ Immunofluorescence 0.25-2 ug/ml, Immunohistochemistry-Paraffin 1:1000 - 1:2500                                                                     |
| Application Notes           | Immunocytochemistry/Immunofluorescence Fixation Permeabilization: Use PFA/Triton X-100.                                                                                                                       |

## Images

Immunocytochemistry/Immunofluorescence: SKAR Antibody [NBP2-58732] - Staining of human cell line A-431 shows localization to nuclear speckles.

Immunohistochemistry-Paraffin: SKAR Antibody [NBP2-58732] - Staining of human testis shows strong nuclear positivity in cells in seminiferous ducts.
